9E1. Board of Regents Briefing Paper/Draft: "Background Information and Analysis of Policies and Actions Needed to Support the LSU Flagship Initiative"

Mr. Rucks, vice-chairman, Flagship Committee, reported that the committee met on Thursday, October 28th and received this report. No official Board action is required.

9F. Scholarship Review Committee

Mrs. Leach, chair, Scholarship Review Committee, reported that the committee met on October 14, 2004, and adopted the following recommendations:
(a) Each member and the President of the LSU System retain their 20 fee exemption scholarships each academic year;

(b) Each board member be permitted to use two (2) of their 20 scholarships each year to award a non-resident fee exemption to qualified undergraduate students;

(c) A meeting of the Scholarship Review Committee held every two (2) years to review and assess the scholarship program.

The committee recommends Board approval of the above stated recommendations.

Mr. Shea asked that in the future, consideration be given to awarding Board scholarships through the Office of Financial Aid and Scholarship of the respective campuses within the LSU System in an effort to effectively distribute these awards proportionately throughout all campuses.

Mr. Weems expressed concern with regards to the effect these scholarships incur on professional schools. He encouraged System Chancellors to contact Mrs. Leach, Chair, Scholarship Committee, if these awards are burdensome and creating any problems.

Mrs. Leach concurred with Mr. Weems’ request, and reassured members that the Scholarship Committee will be available to consider any suggestion and recommendation regarding this program. She further noted that the value of the Board Scholarship for professional schools, i.e. law, medicine, dentistry and veterinary medicine is equal to the amount of the tuition portion of the university fee, as fixed by the Board, for graduate programs at LSU.

Mr. Lambert asked that in the future, consideration be given to distributing these awards exclusively to graduate programs since the TOPS program supports undergrad students.

Chairman Slack advised that Dr. Robert Rasmussen, Vice President, System Relations, would forward members additional information regarding the current status of the scholarship program.

Upon motion of Mrs. Leach, seconded by Mr. Gowen, the Board voted unanimously to approve the recommendations of the Scholarship Review Committee.
