10C4. Recommendation to approve settlement with Johnson Controls, Inc. (Out of-time Submission)

Mr. Lamonica, General Counsel, LSU System, addressed this recommendation. He noted that previously the Committee had been asked to approve settlement regarding the co-generation project between LSU and Bernhard Mechanical Contractors Inc. Although this is independent of that issue, the same legal structure is involved and the recommendation before the Committee today recommends that the Board authorize LSU System President, Dr. John Lombardi, to execute settlement of all outstanding disputes with Johnson Controls, Inc. (JCI) relating to the five performance-based energy efficiency contracts between LSU and JCI for an amount of $3,040,806.10 paid to LSU, and termination of the five existing contracts between LSU and Johnson Controls, Inc. (JCI).

Mr. Lamonica further noted that the Board, for future consideration, may wish to consider adopting an amendment to its Bylaws to ensure that it receives better and more thorough advice from outside expert consultants prior to executing future similarly complex contracts. (Suggested Future Amendment to Bylaws shown below).

Mr. Lamonica commended Fred Tulley and Robin Toups, outside legal counsel, for their outstanding role in reaching this settlement.

Upon motion of Mr. Mount, seconded by Mr. Chatelain, the Board voted unanimously to approve the following resolution:

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of Louisiana State University and Agricultural & Mechanical College that it authorizes LSU System President, Dr. John V. Lombardi, or his designee, to execute a settlement of all outstanding disputes with Johnson Controls, Inc. (JCI) relating to the five performance-based energy efficiency contracts between LSU and JCI for an amount of not less than $3,040,806.10, and termination of the five existing contracts between LSU and Johnson Controls, Inc.;

BE IT FURTHER RESOLVED that the formal settlement agreement shall contain such other terms and conditions as the President, in consultation with the System General Counsel, deems to be in the best interests of LSU; and

   (i) that the opinion reflects all the factors which should be considered by the
       Board in determining the risks and merits of the transaction (if the opinion does
       not analyze all such factors, it must clearly and plainly identify each factor not
       analyzed with an appropriate and prominent disclaimer), (ii) that the expert or
       consultant has not been instructed by anyone to limit his analysis of any material
