10A. Finance, Infrastructure, and Core Development Committee

Mr. Danos, Acting Chair of the Finance, Infrastructure, and Core Development Committee, reported that the Committee received five (5) recommendations for consideration for Board approval. It is the recommendation of the Committee that the recommendations receive Board approval.

Dr. Layzell gave a brief summary asking for two things, 1) to begin the process to implement the operating budget FY 2016 and 2) asking to delegate to the President authority to impose an additional general fee if needed.

President Alexander gave his views on how this would affect the flexibility when facing cuts to all the campuses. Dr. Alexander stated he would consult with the Board. He stated there was a need to make a decision since the next Board meeting is not until September and the fee bills need to go out.

Questions and comments were brought up by Mr. Angelle, regarding self generating authority and other various legislative bills relating to LSU (HB152, HB766). Mr. McCollister also followed up with comments on the Grad Act. Mr. Chatelain said the Board needs to look at what the increases are and how they compare before a decision can be made. He emphasized the need for more information before giving authority. Mrs. Duplessis said the Board would like to have more time to understand how the type of fee increases are being imposed and asked if the Board needed to call a meeting in July to consider additional fees. Mr. Danos stated that the legislature has given the Board more authority and they want to be responsible and diligent about using that authority.

Mr. Skinner offered another option that the executive committee could vote or delegate authority to the executive committee rather than the whole Board meet. Mr. Jacobs indicated it needed to be brought before the entire Board.
Mr. Danos suggested the Board approve the Fiscal Year 2015-16 Institution Distribution and to defer the additional fee amount. The below resolution was amended to reflect the change.

Upon motion of Mr. Yarborough, seconded by Mr. McCrery, the Board voted unanimously to approve the amended resolution:

**WHEREAS**, Article VII, Section 5[D][4] of the Louisiana Constitution requires the Board of Regents to develop a funding formula as a component of the Master Plan for Public Postsecondary Education for the equitable distribution of funds to the institutions of postsecondary education; and

**WHEREAS**, Article VIII, Section 12 of the Louisiana Constitution states that appropriations for the institutions of higher education shall be made to their managing boards and the funds appropriated shall be administered by the managing boards and used solely as provided by law.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Supervisors of Louisiana State University and Agricultural & Mechanical College that the Board authorizes the President of LSU with notice to the Board to act on behalf of the Board in presenting the methodology and distribution of appropriations and table of organization positions to the institutions of the System to the Board of Regents, the Legislature or its committees as required between meetings of the Board of Supervisors, and hereby delegates all such authority necessary to accomplish such purposes;
