The University is committed to the concept of student growth and development through active participation in co-curricular activities and organizations. Through participation, it is expected that students will maintain and develop their physical and mental health, their sense of self-worth, their ability to work with and lead others, their understanding of citizenship obligations, their ethical and moral value system, their concern for the campus environment, their ability to think critically, and a sense of belonging to the University community. The Student Health Center provides quality health care to LSU students. The center is fully accredited by the Accreditation Association for Ambulatory Health Care (AAAHC). Facilities include a large outpatient medical clinic, a full-service pharmacy, a laboratory, an X-ray department, mental health services, and a wellness education department. All visits and inquiries are confidential. The student health service fee, paid during registration, entitles students to unlimited visits to a primary care physician during the regular semester. The first three visits to the Mental Health Service are also included in the pre-paid fee. Any subsequent visits are based on a sliding fee scale after consultation with the patient. There are additional charges for lab, X-ray, medication, supplies, and specialty clinics.

The Student Health Center Medical Clinic has six full-time primary care physicians, two gynecologists, and 12 nurses. In addition, part-time specialty services are offered in orthopedics, dermatology, ear/nose/throat, and ophthalmology. A dental screening clinic is available. No procedures are performed on the premises. Routine allergy shots and injectable medicines ordered by physicians are provided.

The Mental Health Service provides crisis intervention, individual and group therapy, psychological testing, and varied preventive therapy clinics on a continuing basis. These services are rendered by mental health providers experienced in treating emotional problems and stresses experienced by University students.

The Student Health Center also has an extensive Wellness Education Department. Services include a resource room and an interactive Web page (www.lsu.edu/wellness). Individual appointments are available for consultations on nutrition and weight management; stress and time management; sexual and reproductive health concerns; alcohol and other drug abuse; smoking cessation; sexual assault and violence; and many other areas of concern to University students. Educational programs for student organizations and residence halls, as well as guest lectures for undergraduate and graduate classes, are available upon request throughout the entire year. Several peer education organizations offer service learning and leadership development experiences.

HONORARY SOCIETIES

Three of the most prestigious University honor societies are Omicron Delta Kappa, Phi Beta Kappa, and Phi Kappa Phi. Other honor societies are included in this chapter under “Honor Societies.”

Omicron Delta Kappa

Omicron Delta Kappa (ODK) is the national leadership honor society for college students that recognizes and encourages superior scholarship, leadership, and exemplary character. It was founded in 1914 at Washington and Lee University, Lexington, Virginia. ODK was the first college honor society of national scope to recognize and honor meritorious leadership and service in extracurricular activities and to encourage the exercise of general campus citizenship.

Membership is awarded to undergraduate junior and senior students—and occasionally to students in graduate and professional schools—as well as to faculty, staff, and community members. Student membership candidates must rank academically in the upper 35 percent in their school/college and must show leadership in at least one of five areas: scholarship, athletics, campus or community service, social activities, religious activities, campus government; journalism, speech, or the mass media; and creative/performing arts. Membership in ODK is a mark of the highest distinction.

Phi Beta Kappa

The oldest academic society in the U.S., Phi Beta Kappa was founded in 1776 at the College of William and Mary. The LSU chapter was installed in 1977 as Beta of Louisiana. For more than two centuries, Phi Beta Kappa has advocated the ideal of a liberal education as a basis for a life-long love of learning and as a way to broaden the perspectives of students, whatever their chosen field of endeavor. At LSU, juniors and seniors with an excellent academic record and an adequate breadth of study are considered for membership. Specific requirements are described at the Phi Beta Kappa Website (http://bits2.oce.lsu.edu/guests/wwwpbk/).

Phi Kappa Phi

Phi Kappa Phi, a national scholastic honor society founded in 1897, now contains 282 chapters nationwide. It is one of the most prestigious scholastic honor societies in the United States. The LSU chapter was founded in 1930 as the 43rd chapter in the nation. At the present time, the national office is located on this campus in the French House.

The primary objectives of Phi Kappa Phi are to promote the pursuit of excellence in higher education and to recognize outstanding achievement by students and faculty through election to membership and through various awards and fellowships. Phi Kappa Phi is unique because it recognizes superior scholarship in all academic fields, rather than restricting membership to a limited field. Juniors in the top 5 percent and seniors and graduate students in the top 10 percent of their classes may be invited to become members of Phi Kappa Phi. New LSU Phi Kappa Phi members are initiated and honored in the spring semester each year and wear identifying ribbons on their academic gowns at commencement exercises.

To make on-campus living a worthwhile experience, LSU students and staff have designed a residential life program to promote learning and personal growth. Residence halls and apartments provide a natural and convenient social setting for students. Residents are seldom more than a 10-minute walk from the library, the classroom, or any other campus activity.

One of the greatest advantages in living in residence halls is that the staff is available to assist students with concerns and questions.

Studies show that campus residents maintain higher grade-point averages than do off-campus students. The housing staff also provides information on General, Health, Safety, wellness, community service, and a variety of other topics. Many of these programs are led by faculty members.

University housing is available to all full-time students on a voluntary basis, with specific room assignments based on the date of application for University housing and the terms of the housing contract.

**Choices in Residential Living**

LSU has 19 residence halls with architectural styles ranging from northern Italian Renaissance, typical of the older campus, to modern, high-rise buildings. Also for single students, there are 184 apartments in a complex called the East Campus Apartments and 168 apartments in a complex called the West Campus Apartments. For married students, single parents, and students 21 years or older, there are 578 apartments in the Nicholson and Edward Gay Apartments.

Most residence halls have ground-floor reception areas and feature kitchens and study rooms on each level. Entry to most halls is controlled by a security system that utilizes residents' LSU ID cards. Coin and card access to laundry facilities are available in most, while others have laundries located nearby. Several halls are accessible for disabled students. East Campus Apartments rent by the individual room, are fully furnished, and have modern appliances including stove, refrigerator, microwave, dishwasher, garbage disposal, and clothes washer and dryer. Nicholson and Edward Gay Apartments rent by the whole apartment and are unfurnished except for stoves and refrigerators.

Nine halls have computer labs, while most halls and the East Campus and Edward Gay Apartments have ethernet data connections available by subscription in each room. All rooms and apartments have cable TV connections included in the rent, and all except the Nicholson Apartments include local telephone service. Residents, however, must provide their own telephones.

Students in residence halls may choose to have roommates or, if space is available, a private room. Living arrangements have been established with individual preferences for social and educational development in mind. Students may select hours of visitation as early as 10 a.m. daily, with the period terminating by 1 a.m. on nights preceding class days or 3 a.m. on nights preceding days when no classes are held. Quiet hours are observed daily from 7 p.m. to 7 a.m., during which time an atmosphere conducive to study is maintained.

**Residential College**

The Residential College, housed in Herget Hall, is structured to create a stimulating living-learning environment through student interaction with faculty and other freshmen beyond the boundaries of the more traditional classroom setting. Freshmen participating in the Residential College reside in the same facility and enroll in special sections of three general academic courses taken with other Residential College students. This environment
creates a close-knit academic community similar to the small college experience. With greater academic emphasis and faculty involvement, the Residential College atmosphere encourages studying, provides access to exceptional academic and social support, and makes it easy to establish new friendships.

Economic Development Residential College—Students in the Economic Development Residential College apply the material covered in core freshman courses to solve problems facing the state and its citizens. Woking in small groups, students partner with state leaders to develop ideas and plans for neighborhood renewal and local economic development projects.

Graham Information Technology Residential College—The Graham Information Technology Residential College is a technology-based program for qualified entering freshmen of all major and interests. Technology-savvy students will enjoy taking college courses in Graham Hall’s wireless environment with faculty members who utilize interactive, multimedia teaching methods.

Herget and McVoy Residential Colleges—Students participating in either the Herget or McVoy Residential College take several core freshman courses together creating a “mini campus” atmosphere in the halls. These programs are designed to integrate learning with community living and provide students with greater opportunities to interact with faculty and specially selected upperclass students.

Residence Hall and East Campus Apartment Applications

A student must submit a completed application form to the Department of Residential Life, 99 Grace King Hall, LSU, Baton Rouge, Louisiana 70803. New students are advised to apply at least 10 months in advance. An application and related information may be obtained directly from this office or by requesting housing information on the application for admission.

A deposit—payable to “Residential Life, LSU” in U.S. funds by check or money order—must accompany each application. Acceptance of a deposit does not guarantee an assignment. For more information and an updated list of deposit amounts and rates, see the Residential Life website at www.lsu.edu/housing. Additional information is available from the Department of Residential Life, 99 Grace King Hall, 225/578-8663.

Nicholson and Edward Gay Apartments

The University has 578 one-, two- and three-bedroom apartments that are available for families and for single, upperclass, and full-time graduate students aged 21 or older. Additional information is available from the Department of Residential Life, 225/334-5198.

Refund of Residence Hall Rent

Students contract for space in a residence hall or East Campus Apartments on an academic-year basis. The contract is effective on the date it is counter-signed by the student. Refund of room rent will be made according to the regulations below. For further details, contact the Department of Residential Life, 99 Grace King Hall, 225/578-8663.

• A student who moves out of a residence hall into a fraternity or sorority house before the close of business on the last day of the regular fall registration period will be refunded all of the unused portion of rent for the space he or she was occupying. If such a move is made after the last day of regular registration (the last day of fall registration, if on an “Academic-Year Rental Terms” agreement), the student will receive a refund as noted in the paragraph above.

• A student who is required to move out of a residence hall as a result of disciplinary action will be responsible for 75 percent of the rent for the remainder of the contract for the least expensive space.
