GRADUATE FACULTY

The graduate faculty consists of those
members of the teaching and research faculties
who have been so designated by the
Chancellor, upon recommendation of the
Graduate Council acting on appropriate nomi-
nations. Such designations provide for classi-
fication as Members, associate members, or
affiliate members, according to their qualifica-
tions and experience. (The term, ‘Member,’
when capitalized, denotes a full member of the
graduate faculty.)

Faculty members who hold the rank of ad-
junct professor, adjunct associate professor, or
adjunct assistant professor in a department
offering work for graduate credit are eligible
for graduate faculty status as full Members or
associate members, depending upon their
qualifications.

Qualifications for Appointment

Full Member

• indefinite term, subject to review;
• rank of associate professor or professor in a
department offering work for graduate credit;
• highest degree appropriate to the field or
unquestionable evidence of comparable
achievement in the field;
• experience in direction of theses and/or dis-
sertations or in developing and teaching
graduate-credit courses;
• current and sustained scholarly or creative
activities as indicated by publications in
recognized journals in the field, books, and
exhibitions or performances.

Associate Member

Initial appointment of new faculty members:

• six-year term for initial appointment; three-
year term for reappointment, renewable;
• rank of assistant professor or higher in a
department offering work for graduate cred-
it;
• highest degree appropriate to the field or un-
questionable evidence of comparable
achievement in the field.

Renewal of appointment or initial appoint-
ment of faculty members with at least six years
of professional experience:

• qualifications include participation in the
graduate program and scholarly or creative
activities indicated by publications in recog-
nized journals in the field, books, and
exhibitions or performances.

Affiliate Member

• three-year term; renewable;
• qualified for associate membership but inelig-
ible because appointment is not in an LSU
department offering work for graduate credit
or because appointment is not at the rank of
assistant professor or higher;
• may serve as member of thesis, dissertation,
and examination committees but may not
normally chair one of those committees;
• affiliate members who have a continuing
and particularly close association with a
graduate instructional program may, at the
special request of the department, be given
permission by the dean of the Graduate
School to chair committees.

Privileges and Responsibilities

Full Member

Members determine policies of the Gradu-
ate School, engage in all graduate education
activities, and nominate faculty for member-
ship on the graduate faculty. Doctoral general
and final examination committees must include
two full Members of the graduate faculty,
including one from the major department.

Associate Member

Associate members may engage in all
graduate education activities. They may chair a
thesis committee if that committee includes at
least one full Member of the graduate faculty
from the major department. They may chair a
dissertation committee if that committee in-
cludes at least one full Member of the graduate
faculty from the major department.

Affiliate/Ex Officio Member

Affiliate members and Ex Officio members
may serve as members of thesis, disserta-
tion, and examination committees but may not
normally chair one of these committees or
determine policies of the graduate faculty.

Affiliate members who have a continuing and
particularly close association with a graduate instructional program may, at the special request of the department, be given permission to chair committees.

FACULTY

In the following list of University faculty, the names of:
- **full Members of the Graduate Faculty are indicated by a single asterisk;**
- **associate members are marked with two asterisks;**
- † affiliate members are indicated by a single dagger; and
- †† ex officio members are designated by double daggers.

This list was as correct as possible at the time of publication of this catalog. It does not reflect most changes occurring after January 1, 2005.
