The University is committed to the concept of student growth and development through active participation in co-curricular activities and organizations. Through participation, such students will maintain and develop their physical and mental health, their sense of self-worth, their ability to work with and lead others, their understanding of citizenship obligations, their ethical and moral value system, their concern for the campus environment, their ability to think critically, and a sense of belonging to the University community. To foster the development of these qualities, a comprehensive program is offered. Additional information may be obtained from the Office of the Vice Chancellor for Student Life & Academic Services.

Rates for meal plans, effective with the fall semester 2006, vary from $519 to $1,271 per semester. Please note that dining plan rates are subject to change at the beginning of a semester or summer term. Meal plans offered and policies are described below.

Students are offered a choice of the following one-semester dining plans beginning on the residence hall move in day and continuing through the final examination period:

- **5-day Unlimited** (Unlimited meals and $20 Paw Points)—Meals can be used Monday breakfast through Friday lunch in the dining halls. The 5-Day Unlimited meal plan would be ideal for a student who goes home during the weekends and eats mostly in the dining halls, relying on few Paw Points. You may not share meals.

  - **Resident Tiger** (160 meals and $100 Paw Points)—The Resident Tiger provides approximately 10 meals per week. The Resident Tiger is ideal for the student who plans to dine mostly in the dining halls and for students who plan to stay on campus for most weekends.

  - **Tiger Ultra** (130 and $200 Paw Points)—The Tiger Ultra provides an average of 8 meals per week. The Tiger Ultra is ideal for the student who plans to eat mainly in the dining halls while having $200 Paw Points to spend in our retail locations. The Tiger Ultra would be a good choice for the student who plans to dine mostly in the dining halls and eats approximately 2 meals per day in the dining halls.

  - **Tiger Plus** (120 meals and $300 Paw Points)—The Tiger Plus provides an average of 7 meals per week. The Tiger Plus would be a good choice for the student who remains on campus during the weekends and eats one meal per day in the dining halls. It also allows flexibility with using Paw Points in our retail outlets.

  - **Tiger Lite** (85 meals and $400 Paw Points)—The Tiger Lite provides an average of 6 meals per week. The Tiger Lite is ideal for the student who goes home during the weekends and eats one meal per day in the dining halls. The abundance of Paw Points is also good for the student on the go, giving them the ability to grab snacks and groceries in between classes.

  - **Tiger Lunch** (55 lunches and $100 Paw Points)—The Tiger Lunch offers lunch Monday through Friday and is great for commuters and students who just want to eat lunch during the week.

Note: Dining plan rates, number of meals, and amount of Paw Points are subject to change at the beginning of a semester or summer term.
First-year students who live in University residence halls are required to participate in a University meal plan for two semesters. Students who are exempt from participation include the following:

- Part-time students, as defined by the LSU General Catalog.
- Students who are released to participate in a fraternity or sorority dining plan on the basis of fraternity or sorority membership.
- Students who have been employed full-time, including military service, for a period of 18 months prior to enrolling in the University and following high school graduation.

- Students who have specialized medical diets prescribed by a physician that cannot be provided through LSU Dining.

Requests for an exemption should be submitted in writing to the Director of Contracted Auxiliary Services.

Students who have completed two regular semesters (excluding the summer term) are not required to participate, but they are invited and encouraged to do so. All continuing students, part-time or full-time, residing off-campus or on-campus may purchase a LSU Dining meal plan.

Omicron Delta Kappa (ODK) is the national leadership honor society for college students that recognizes and encourages superior scholarship, leadership, and exemplary character. It was founded in 1914 at Washington and Lee University, Lexington, Virginia. ODK was the first college honor society of national scope to recognize and honor meritorious leadership and service in extracurricular activities and to encourage the exercise of general campus citizenship.

Membership is awarded to undergraduate junior and senior students—and occasionally to students in graduate and professional schools—as well as to faculty, staff, and community members. Student membership candidates must rank academically in the upper 35 percent in their school/college and must show leadership in at least one of five areas: scholarship; athletics; campus or community service; social activities; religious activities; and campus government; journalism, speech, or the mass media; and creative/performing arts. Membership in ODK is a mark of the highest distinction.

Phi Beta Kappa

The oldest academic society in the U.S., Phi Beta Kappa was founded in 1776 at the College of William and Mary. The LSU chapter was installed in 1977 as Beta of Louisiana. For more than two centuries, Phi Beta Kappa has advocated the ideal of a liberal education as a basis for a life-long love of learning and as a way to broaden the perspectives of students, whatever their chosen field of endeavor. At LSU, juniors and seniors with an excellent academic record and an adequate breadth of study are considered for membership. Specific requirements are described at the Phi Beta Kappa Web site (www.lsu.edu/student_organizations/phibeta kappa).  

Phi Kappa Phi

Founded in 1897 at the University of Maine, Phi Kappa Phi is the nation’s oldest, largest, and most selective honor society for all academic disciplines. Its chapters are on nearly 300 campuses in the United States, Puerto Rico, and the Philippines. Each year, approximately 30,000 members are initiated. Some of the organization’s more notable members include former President Jimmy Carter, writer John Grisham, NASA astronaut Wendy Lawrence, and Netscape founder James Barksdale. The LSU chapter was founded in 1930 as the 43rd chapter in the nation. At the present time, the national office is located on this campus in the French House.

The mission of Phi Kappa Phi is to recognize and promote academic excellence in all fields of higher education and to engage the community of scholars in service to others. Phi Kappa Phi is unique because it recognizes superior scholarship in all academic fields, rather than restricting membership to a limited field. Juniors in the top 7.5 percent and seniors and graduate students in the top 10 percent of their classes may be invited to become members of Phi Kappa Phi. New LSU Phi Kappa Phi members are initiated and honored in the spring semester each year and wear identifying ribbons on their academic gowns at commencement exercises. Additional information about the Society may be found at www.phikappaphi.org.

The LSU Child Care Center is a 15,500 square foot one-story facility with separate spaces for 150 full-time children from different age groups ranging from 6 weeks old to 5 years old. The Center includes 15 classrooms (based on Louis Torelli’s pod design), parents’ resource center, multi-purpose room, kitchen, porches off of each classroom for play during rainy weather, and three fenced playground areas (75 square feet per child) with toys and play equipment for infants, toddlers, and preschoolers.

**Services**

The philosophy of LSU Child Care is one of freedom to learn, grow, and make choices through both structured and unstructured activities. All activities are intentionally planned to help children grow and develop physically, socially, emotionally, and cognitively. The learning atmosphere is one of acceptance, mutual respect, pleasure, fairness, consistency, clear limits and expectations, and encouragement. The predictable, organized environment, with caring adults, clear expectations, and appropriate consequences is designed to support the whole child. Teachers are flexible and allow the children freedom to learn at their own pace.

Families are an integral part of the LSU Child Care program. Support, encouragement, and assistance are provided to ensure personal and professional success for parents. Communication with the child’s family is established to share day-to-day happenings and gain new insights about the family’s beliefs and concerns regarding the child’s well-being.

**Infant/Toddler Program**

A complete developmental program for infants/toddlers provides caring and individualized human interaction through activities that promote language, movement, and self-awareness. Daily lesson plans are based on each individual child’s needs.

**Preschool Program**

The preschool program provides learning activities through play, the child’s natural path to learning. Daily lesson plans respond to the child’s individual needs and provide activities to enhance a child’s development in the four developmental domains: cognitive, socio-emotional, physical, and language.

The LSU Child Care Center has been accredited by the National Association for the Education of Young Children and offers a high quality child care program to students, staff, and faculty. The inclusion of academic and research components assists in the provision of an appropriate environment for the growth and development of all children.

RESIDENTIAL LIFE

WEB SITE • www.lsu.edu/reslife

To make on-campus living a worthwhile experience, LSU students and staff have designed a residential life program to promote learning and personal growth. Residence halls and apartments provide a natural and convenient social setting for students. Residents are seldom more than a 10-minute walk from the library, the classroom, or any other campus activity.

One of the greatest advantages in living in residence halls is that the staff is available to assist students with concerns and questions. Studies show that campus residents maintain higher grade point averages than do off-campus students. The housing staff also provides information and programs related to safety, wellness, community service, and a variety of other topics. Many of these programs are led by faculty members.

Prospective students must apply first to the University before applying for on-campus housing. The Department of Residential Life will begin accepting fall 2007 applications/contracts on June 1, 2006. If a student has not applied to the University first and submits a housing application/contract, Residential Life will return these items, including the deposit. A student may resubmit these items once he or she applies to the University. The application date will be the date the application is received once the student has applied to the University. Applications for admission and housing may be completed online.

Choices in Residential Living

LSU has 13 residence halls with architectural styles ranging from northern Italian Renaissance, typical of the older campus, to modern, high-rise buildings. Also for single students there are 184 apartments in a complex called the East Campus Apartments and 168 apartments in a complex called the West Campus Apartments. For married students, single parents, and students 21 years or older, there are 578 apartments in the Nicholson and Edward Gay Apartments.

Most residence halls have ground-floor reception areas and feature kitchens and study rooms on each level. Entry to most halls is controlled by a security system that utilizes residents’ LSU ID cards. Coin and card access laundry facilities are available in most, while others have laundries located nearby. Several halls are accessible for disabled students. East and West Campus Apartments rent by the
individual room, are fully furnished, and have modern appliances including stove, refrigerator, microwave, dishwasher, garbage disposal, and clothes washer and dryer. Nicholson and Edward Gay Apartments rent by the whole apartment and are unfurnished except for stoves and refrigerators.

Ten halls have computer labs, while all halls and the East and West Campus and Edward Gay Apartments have Ethernet data connections and basic cable TV connections included in the rent; and all except the Nicholson Apartments include local telephone service. Residents, however, must provide their own computer, telephone, and television sets.

Students in residence halls may choose to have roommates or, if space is available, a private room. Living arrangements have been established with individual preferences for social and educational development in mind.

Residential Colleges

Residential Colleges are structured to create a stimulating living–learning environment through student interaction with faculty and other freshmen beyond the boundaries of the more traditional classroom setting. Freshmen participating in the Residential Colleges reside in the same facility and enroll in special sections of general academic courses taken with other Residential College students. This environment creates a close-knit academic community similar to the small college experience. With greater academic emphasis and faculty involvement, the Residential College atmosphere encourages studying, provides access to exceptional academic and social support, and makes it easy to establish new friendships.

Broussard Information Technology Residential College—The Broussard Information Technology Residential College is a technology-based program for qualified entering freshmen of all majors and interests. Technology-savvy students will enjoy taking some college courses in Broussard Hall’s smart classrooms with faculty members who utilize interactive, multi-media teaching methods and the advanced learning environment.

Herget Residential College—Students participating in Herget Residential College take several core freshman courses together creating a “mini-campus” atmosphere in the halls. These programs are designed to integrate learning with community living and provide students with greater opportunities to interact with faculty and specially selected upperclass students.

Global Studies Residential College—Global Studies Residential College is open to students in all majors and provides academic courses and practical experience that supplements the typical LSU curricula. The Global Studies program offers students contact with persons in various fields at LSU, in the community and beyond who are engaged in global activities and/or language immersion groups.

Business Residential College (opening fall 2007) - Students in the Business Residential College will have unique educational and professional development opportunities to acclimate to business culture. This new residential college will be open to students admitted to the LSU E. J. Ourso College of Business.

Engineering Residential College (opening fall 2007) - Freshmen admitted to the LSU College of Engineering will have the opportunity to live in the new Engineering Residential College. This new residential college will support students as they advance through LSU’s quality engineering program. Faculty involvement and research opportunities will strengthen each student’s connection with the College of Engineering.

Residence Hall and East and West Campus Apartment Applications

The Department of Residential Life accepts applications beginning June 1 of the year prior to your fall semester enrollment. For example, for fall 2007 enrollment, we begin accepting applications June 1, 2006. If you are a new student, to increase your chances of assignment to the residence hall of your choice, we recommend that you apply for housing at least 11 months in advance. The East and West Campus Apartments are available to full-time upper-class students only.

Applying to the Department of Residential Life is a THREE-STEP process:
1. You MUST apply for admission to LSU before applying for campus housing, or you must be a current student.
2. You will receive an e-mail informing you to apply online for housing at www.lsu.edu/housing.
3. To apply for campus housing online, you must use a credit card or online check to pay the $150 housing reservation fee. (Payable to the Department of Residential Life.)

To get your housing application online, you must:
1. Go to www.lsu.edu and click the PAWS icon at the top of the page.
2. Click "LOGON to PAWS" at the top of the page and enter the username and password that you received at the PAWS orientation session.
3. Click "Student Services" on the left-side menu, and then select "Student Housing." This will take you to the Residential Life Web site.
4. Click "View Application Status" to see your assignment for the fall semester.

Students may not apply for housing prior to applying for admission to the University. Acceptance of a residence hall or East and West Campus Apartments application or receipt of an assignment is not a guarantee of admission to the University. An application for admission must be approved by the Office of Undergraduate Admissions before a room assignment is official.

Cancellation of an application/assignment must be submitted in writing to the Department of Residential Life. If the cancellation is received by July 1 for fall, December 1 for the spring semester, or May 1 for the summer term, a processing fee will be deducted from the deposit, and the remainder will be refunded. If the cancellation is received after July 1 for fall, December 1 for spring, or May 1 for summer, or if the assignment is not claimed during registration, the entire deposit will be forfeited unless all requirements for evaluation of an application for admission have been met and admission has been denied.

The University reserves all rights in connection with assignment of rooms, inspection of rooms, termination, and occupancy of rooms. Reservations are not transferable. If the room is not occupied by the day before the first class day, the reservation is forfeited unless notification stating the time of late arrival has been received. Other terms of residence hall occupancy are provided in the housing contract. Room reservations in fraternity or sorority houses are limited to eligible members of those organizations and are made directly with the organization.

Residence Hall Rates

LSU provides housing for approximately 5,400 students in air-conditioned residence halls. Rates for residence halls are published on a semester basis. For a list of current rates, see the Residential Life Web site at www.lsu.edu/housing. A student living in a room that is not filled to normal capacity will be expected to pay an additional rental charge or to move to another room with a roommate at the same rental charge in the same residence hall. If rooms are available for single occupancy, the charge for single occupancy of a two-student room is 1.5 times the semester rate for full occupancy. Semester rental rates are subject to change at the beginning of a regular semester or summer term.

Residence hall rent due is by the deadline established on the advanced fee bill. Additional information concerning residence hall accommodations may be obtained from the Department of Residential Life, 99 Grace King Hall, 225-578-8663 or on the Web site at www.lsu.edu/housing.

Nicholson and Edward Gay Apartments

The University has 578 one-, two- and three-bedroom apartments that are available for families and for single, upperclass, and full-time graduate students aged 21 or older. Additional information is available from the Department of Residential Life, 225-334-5198 or www.lsu.edu/housing.

Refund of Residence Hall Rent

Students contract for space in a residence hall or East and West Campus Apartments on an academic-year basis. The contract is effective on the date it is counter-signed by the student. Refund of room rent will be made according to the guidelines below. For further details, contact the Department of Residential Life, 99 Grace King Hall, 225-578-8663.

- A student who moves from one room to another in a residence hall or from one residence hall to another will be refunded or charged the difference, if any, between the unused prorated portions of rent for the two spaces.
- A student who moves out of a residence hall without resigning from the University will be responsible for 25 percent of the rent for the remainder of the contract for the space the student was occupying.
- A student who moves out of a residence hall and resigning from the University will be responsible for 75 percent of the rent for the remainder of the contract for the least expensive space.
A student who moves out of a residence hall into a fraternity or sorority house before the close of business on the last day of the regular fall registration period will be refunded all of the unused portion of rent for the space he or she was occupying. If such a move is made after the last day of regular registration (the last day of fall registration, if on an "Academic-Year Rental Terms" agreement), the student will receive a refund as noted in the paragraph above.

A student who is required to move out of a residence hall as a result of disciplinary action will be responsible for 75 percent of the rent for the remainder of the contract for the least expensive space.
