FEDERAL FINANCIAL AID PROGRAMS

LSU administers all Title IV federal programs which are based on a student’s demonstrated financial need. Funds received from the federal programs help students to cover school expenses, including tuition and fees, room and board, books and supplies, and transportation. All such programs are subject to regulations authorized by the United States Department of Education, as well as University policies consistent with these federal regulations and are subject to change.

Detailed information on these programs can be found on the Internet at www.lsu.edu/financialaid.

Eligibility for Financial Aid

All students must meet the following criteria to apply for Title IV federal aid—grants, work study, and loans:

• Be enrolled as a regular student in a degree-granting or certificate program.
• Be a U.S. citizen or eligible noncitizen (permanent resident).
• Be enrolled at least half-time (most programs—regular semesters; undergraduate, six hours; graduate, five hours; not be in default on prior student loans or owe a refund on a federal grant.
• Be making satisfactory academic progress as described in the section, Satisfactory Academic Progress for Purposes of Financial Aid Eligibility.

Application for Federal Financial Aid

Students who wish to apply for the programs described in this section should file either the Free Application for Federal Student Aid (FAFSA) or the Renewal Application. The FAFSA is available online at www.fafsa.ed.gov. It is recommended that the application be filed no later than March 1 for summer or fall enrollment or October 1 for spring enrollment. These applications are submitted and awarded for the upcoming academic year (beginning with the summer term) and application must be made each year.

Once the Office of Undergraduate Admissions & Student Aid has received your FAFSA, additional documentation will be requested through your PAWS accounts. To receive a loan for the academic year, the deadline to return all required documents is the first business day of May. To receive a semester only loan, the deadline to return all required documents is:
