4069 Contemporary Political Theory (3) S Political thought from Nietzsche to present.
4097 Political Theory offered as REL 4097. An exploration of the relationship between theology and politics, from the ancient Greeks and Hebrews to contemporary Christianity and the role of the political theory of the Christian tradition, but also the political theology of other religious traditions, such as Islam, Hinduism, and Confucianism, may be included.
4098 Politics and Ethics (3) Also offered as PHIL 4098. Ethical theory and its application to politics, domestic and international; ethical issues of public policy and conduct will be examined.
4234 Studies in Literature and Politics (3) Also offered as ENGL 4234. Political events in contemporary China; emphasis on the interaction between political institutions and social systems; topics to be examined.
4004 Seminar in Executive Politics (3) May be taken for a max. of 6 hrs. of credit when topics vary.
7901 Graduate Internship in Political Science (1-6 F) Open only to graduate students approved by the Department of Political Science and accepted by a recognized internship program. May be counted toward total number of hours required for the degree; subject to field requirements. Research and work in governmental or private agencies concerned with public policy.
7902 Seminar in Public Policy (3) Also offered as PADM 7902.
7903 Special Topics in American Politics (3) May be taken for a max. of 6 hrs. of credit when topics vary.
7915 Seminar in State Politics and Policy Making (3)
7917 Program Evaluation (3) See PADM 7917.
7918 Seminar in the Urban Poor Between Policy Making (3)
7920 Seminar in Public Law (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7930 Seminar in Political Behavior (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7931 Seminar in Political Parties (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7935 Seminar in Legislative Politics (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7936 Seminar in Executive Politics (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7940 Seminar in International Politics (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7941 Special Topics in International Politics (3) May be taken for a max. of 4 hrs. of credit when topics vary.
7942 Seminar in the Politics of International Economic Relations (3) May be taken for a max. of 4 hrs. of credit when topics vary.
7943 Seminar in the American Foreign Policy Process (3) May be taken for a max. of 4 hrs. of credit when topics vary.
7946 Seminar in the Politics of International Economic Relations (3) May be taken for a max. of 4 hrs. of credit when topics vary.
7947 Seminar in Executive Politics (3) V Focus on individual level political phenomena and the relations to political institutions and social systems; topics include political parties, particularism and protest, revolution and regime support, voting and voting behavior.
7976 Seminar in Comparative Economic Policy (3) V Credit will not be given for both this course and POLI 4062. May be taken for a max. of 6 hrs. of credit when topics vary.
7981 Seminar in Classical and Medieval Political Thought (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7982 Seminar in Early Modern Political Theory (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7990 Political Theory: Interpretation and Analysis (3) V Special Topics in Political Theory (3) May be taken for a max. of 6 hrs. of credit when topics vary.
7995 Seminar in Contemporary Political Theory (3) V May be taken for a max. of 6 hrs. of credit when topics vary.
7998, 7999 Readings Course (3) May be taken for a max. of 6 hrs. of credit when topics vary.
8000 Thesis Research (1-12 per sem.) S T U grading. 8900 Dissertation Research (1-12 per sem.) S T U grading.

PORTUGUESE • PORT

Native speakers of Portuguese will not receive credit for courses marked with an asterisk (*).

*1101 Beginning Portuguese (4) Development of basic language skills through oral and written exercises and reading texts; emphasis on communicative competence.

*1102 Beginning Portuguese (4) Prereq.: PORT 1101 or consent of instructor. Development of listening, speaking, reading, and writing skills; emphasis on Brazilian culture.

*2101 Intermediate Portuguese (4) Prereq.: PORT 1102 or equivalent. Development of listening, speaking, reading, writing, and reading skills.

POTENTIALLY RELEVANT COURSES

1049 Poultry Science and Production (3) F S Principles and practices of commercial poultry production.

2040 Techniques of Judging and Evaluating Poultry and Poultry Products (2) F S 4 hrs. lab. May be taken for a max. of 4 hrs. of credit when topics vary. Principles and techniques in evaluation of poultry and poultry products.

3001 Apprenticeship in the Poultry Industry (3-6) V Prereq.: junior standing with an overall gpa of 2.50 on all work taken at LSU; consent of department head and industry cooperator. May be taken for a max. of 12 sem. hrs. of credit. Pass-fail grading. Supervised work in egg processing, broiler processing, feed manufacturing, hatchery management and feed or flock supervision for a period of not less than two months.

3900 Poultry Research (1-3) F S S Prereq.: consent of department; graduate standing; credit. May be taken for a max. of 12 sem. hrs. of credit. Feeding, breeding, management, and marketing problems.

4031 Incubation and Hatchery Management (2) F O O Prereq.: consent of department; credit. May be taken for a max. of 6 hrs. of credit. Incubation principles and practices; hatchery equipment and design; hatchery management.

4032 Science and Technology of Poultry Products (3) S Prereq.: BIOL 1001, 1002, or equivalent and PLSC 1049 or higher. 2 hrs. lecture, 2 hrs. lab. Preparation of eggs and poultry for market; methods of maintaining quality during harvesting, processing, grading, and packaging of poultry meat and eggs.

4040 Quality Assurance in the Food Industry (4) See DARY 4040.

5151 Poultry Biology (3) F 2 hrs. lecture; 2 hrs. lab. Structure, conformation, and selection of fowl; emphasis on egg formation and oviposition; other physiological factors of economic importance.

4052 Poultry Management (3) S-E Prereq.: 6 sem. hrs. of biological science or equivalent; 2 hrs. lecture; 2 hrs. lab. Growth and development of the U.S. commercial egg and broiler industries; principles of nutrition, genetics, housing, management, and marketing; types of integrated operations and contract production.

5000 Special Topics in Poultry Science (1-3) Prereq.: consent of department. May be taken for a max. of 6 hrs. of credit when topics vary. Topics from current poultry production or poultry products areas.

7901 Seminar 1 (F S) May be taken for a max. of 4 hrs. of credit during period of grant. Students in poultry science must participate in a report and discussion group on current literature in their fields.
7900 Advanced Poultry Research (1-5) F,S,Su Prereq.: consent of department. May be taken for a max. of 9 sem. hrs. credit. Research in poultry nutrition, breeding, production, and market products.

8000 Thesis Research (1-12 per sem.) S’74* grading.

PSYC 3083 Psychological Counseling (3) Prereq.: PSYC 2000 or equivalent. Individual counseling with a focus on normal and abnormal personality processes.

3089 Educational Psychology (3) Prereq.: PSYC 2000 or 2001 and 3 additional hrs. of psychology or consent of instructor. Cognitive assessment, educational problems, learning process, principles of educational psychology, with emphasis on understanding human behavior.

3095 Multicultural Psychology (3) Prereq.: PSYC 2000 or 2001. Multicultural perspectives as applied to a wide variety of clinical and school psychology practice.

3096 Clinical Psychology (3) Prereq.: PSYC 2000 or 2001 and 3 additional hrs. of psychology or consent of instructor. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

3100 Psychological Theories of Religion (3) See REL 3201. Cross-listed with REL 3201.

4008 History of Modern Psychology (3) Prereq.: PSYC 2000 or consent of instructor. Historical overview of the development of psychology from the late 19th century to the present.

4017 Intermediate Research Methods (3) See SOCL 4017.

4030 Psychology of Thinking and Decision Making (3) Prereq.: PSYC 2000 or 2000. Experimental methods and research findings in cognitive processes such as decision making, comprehension, choice behavior, and problem solving.

4032 Psychology of Learning (3) Prereq.: PSYC 2000 or 2001. Behavior from the standpoint of learning; recent experimental literature in the learning area; major theories of learning.

4033 Psychology of Memory and Forgetting (3) Prereq.: PSYC 2000 or 2001. Major theoretical concepts; review of experimental literature in the field of memory and forgetting.

4034 Physiological Psychology (3) Prereq.: PSYC 2000 or 2000; or equivalent. Functioning of the nervous system with respect to sensation, perception, learning, and motivation.

4035 Drugs, the Brain and Behavior (3) Prereq.: PSYC 2000 or 2000; or equivalent. Pharmacology of drugs of abuse and psychiatric medications.

4036 Comparative Psychology (3) Prereq.: PSYC 2000 or 2001. Behavioral development across species with reference to evolutionary and genetic factors relevant to understanding human behavior.

4041 Research Methods in Psychology (4) Prereq.: PSYC 2000 or 2001. Preparatory for graduate study in statistics and research design in psychology. Open to psychology majors; open to other students with permission of instructor. Emphasis on inferential statistics and hypothesis testing; familiarization with common statistical analysis software and interpretation of output; major topics include simple and factorial analysis of variance, linear and multiple correlation and regression.

4042 Developmental Psychology (3) Prereq.: PSYC 2000 or 2000. Theories, issues, and research findings on psychological changes occurring throughout the lifespan.

4043 Psychoeducational Assessment (3) Prereq.: PSYC 2000 or 2000. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

4045 Multicultural Psychology (3) Prereq.: PSYC 2000 or 2000. Multicultural perspectives as applied to a wide variety of clinical and school psychology practice.

4046 Clinical Psychology (3) Prereq.: PSYC 2000 or 2001. Clinical assessment techniques including individual tests of intelligence, mental status examination, interviewing, and behavioral assessment; procedures for both children and adults.

4047 Psychological Tests and Measurements (3) Prereq.: PSYC 2000 or 2000. Techniques and procedures for the development, administration, and interpretation of psychological tests; test batteries.

4048 Applied Behavior Analysis (3) Prereq.: PSYC 4032 or graduate standing. Methods, analysis, and application in the intervention of basic learning principles; emphasis on school applications.

4111 Intermediate Statistics (3) Prereq.: PSYC 2000 or 2001 and EXST 2201 or equivalent. Statistical analysis of data; correlation, simple rank order correlation, t test, and simple analysis of variance.

4112 Advanced Measurement (3) Prereq.: PSYC 2000 or 2000. Advanced measurement of human behavior, with emphasis on research findings at the adult level. Major theories of measurement.

4113 Intermediate Research Methods (3) See SOCL 4113.

4114 Advanced Statistics (3) Prereq.: PSYC 4111 or equivalent; graduate standing in psychology or consent of instructor. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

4115 Advanced Statistical Analysis (3) Prereq.: PSYC 4111 or equivalent; graduate standing in psychology or consent of instructor. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

4121 Biases of Thought (3) Prereq.: PSYC 4111 or equivalent; graduate standing in psychology or consent of instructor. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

4122 Social Cognitive Theory (3) Prereq.: PSYC 4111 or equivalent; graduate standing in psychology or consent of instructor. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

4123 Clinical Psychology (3) Prereq.: PSYC 4111 or equivalent; graduate standing in psychology or consent of instructor. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

4124 Social Psychology (3) Prereq.: PSYC 4111 or equivalent; graduate standing in psychology or consent of instructor. Techniques and theories of behavior measurement; problems of data analysis; validity, design, and analysis of measurement instruments for the psychological sciences.

4125 Principles of Learning (3) Prereq.: PSYC 4111 or equivalent. Principles of learning, motivation; human relations in the educational process.
