probability, statistical inference, analysis of variance, multi-

variate techniques for the psychological sciences.

7117 Research Design (3) Prereq.: PSYC 4111 or 7111; graduate standing in psychology or consent of instructor. Scientific approach to psychological questions, research design, logic of theory, interpretation of assessment techniques, empirical assessment techniques, statistical analysis and the design of psychological experiments.

7121 Advanced Personality Diagnosis (3) Prereq.: graduate standing in clinical psychology or consent of instructor. In-depth study of major approaches to personality assessment with emphasis on particular techniques or theoretical perspectives. Clinical case studies are used to illustrate methodology.

7926 Advanced Techniques in Adult Clinical Psychology (3) Prereq.: graduate standing in clinical psychology and PSYC 7125, 7185, 7927, and 7992; or consent of instructor. Comprehensive case-oriented psychopharmacological and behavior therapy guidelines for psychiatric patients. Additional topics include psychology assessment in the treatment of major adult behavior problems.

7929 Cultural Diversity Issues in Counseling and Therapy (3) Prereq.: graduate standing in clinical psychology and PSYC 7125, 7185, 7927, and 7992; or consent of instructor. A multidisciplinary approach to multicultural issues in counseling and therapy. Focus on the development of psychology assessment and treatment procedures for the major adult behavior disorders.

7929 Cultural Diversity Issues in Counseling and Therapy (3) Prereq.: graduate standing in clinical psychology and PSYC 7125, 7185, 7927, and 7992; or consent of instructor. A multidisciplinary approach to multicultural issues in counseling and therapy. Focus on the development of psychology assessment and treatment procedures for the major adult behavior disorders.

7938, 7939 Seminar in Experimental Psychology (3,3) Each course may be taken for a max. of 12 hrs. of credit when topics vary.

7946 Theories and Concepts of Behavior Analysis (3) Prereq.: graduate standing in psychology or consent of instructor. This seminar is designed to provide a survey of the theoretical and experimental foundations of the practice of applied behavior analysis. Readings are selected to enhance students’ understanding of the basic principles of learning and behavior. The applications of behavior research have been useful in the development of applied practices, and to identify areas which may be capable of informing applied practices, but for too long we have yet bridged the gap between research and practice. Research Methodology and Application in Behavior Analysis (3) Prereq.: graduate standing in psychology or consent of instructor. Modern treatment and assessment procedures based on learning theories; behavioral analysis and theoretical orientation as applied to a wide variety of clinical disorders.

7640, 7641 Practicum in Social-Industrial Psychology (1-6,1-6) Prereq.: consent of instructor. Each course may be taken for a max. of 6 sem. hrs. of credit. Pass-fail grading. Closely supervised experience in social-industrial psychology.

7660 School Psychological Consultation (3) Prereq.: graduate standing in psychology or consent of instructor. Instruction and practice in administration and interpretation of individually administered intellectual assessment measures and diagnostic achievement techniques.

7664 Nonbiased Assessment in the Schools (3) Prereq.: PSYC 7165 or equivalent; graduate standing in clinical or school psychology or consent of instructor. Methods and problems in psychological assessment including theory and research on test bias; alternatives to standardized tests.

7817 Methods and Procedures in the Psychology of Children (3) Prereq.: graduate standing in clinical or school psychology or consent of instructor. Theories, research, and controversies of issues related to normal and problem behaviors of children.

7818 Behavior Therapy (3) Prereq.: graduate standing in psychology or consent of instructor. Modern treatment and assessment procedures based on learning theories; behavioral analysis and theoretical orientation as applied to a wide variety of clinical disorders.

7840 Research Methodology and Application in Behavior Analysis (3) Prereq.: graduate standing in psychology or consent of instructor. Modern treatment and assessment procedures based on learning theories; behavioral analysis and theoretical orientation as applied to a wide variety of clinical disorders.

7928 Advanced Techniques in Adult Clinical Psychology (3) Prereq.: graduate standing in clinical psychology and PSYC 7125, 7185, 7927, and 7992; or consent of instructor. Comprehensive case-oriented psychopharmacological and behavior therapy guidelines for psychiatric patients. Additional topics include psychology assessment in the treatment of major adult behavior problems.
