**MSW Online Curriculum**

Students enroll in two courses per module beginning with foundation designated courses in order to complete this program in as little as two years or 1 course per module to complete the program in 3-4 years. Advanced standing students begin in March and October 2016 enrolling in SW 7010 only.

Students complete the foundation coursework, including internship, before continuing with advanced course. Please note: Internships are NOT designated on this curriculum as students will have various times of internship completion due to life circumstances and progression through the modules. Students will begin the internship after completion of the foundation coursework (24 hours) and the advanced coursework (54 hours) or after completing or concurrently enrolled in SW 7005 in the foundation year and SW 7506 in the advanced year.
