MISSION

Enhancing diversity at LSU is a core institutional value. The Office of Diversity (OoD) is a division of the Office of Academic Affairs committed to fostering inclusive educational opportunities and an equitable workforce environment at LSU. OoD provides leadership to ensure that diversity is a vital component in all decision-making processes on all administrative, academic, budgetary, and strategic planning fronts. To that end, OoD ensures that LSU as a whole is actively recruiting and supporting a diverse student body while simultaneously recruiting and supporting faculty and staff from diverse backgrounds.

OoD is also responsible for supervising and guiding professional units whose purpose and mission is to promote understanding and respect for difference. These units include the Office of Multicultural Affairs, the African American Cultural Center, and the Women’s Center. Similarly, OoD works closely with University committees, commissions, task forces, and affinity groups whose charge is to support underrepresented LSU community members.

Furthermore…

LSU’s Diversity Statement promotes the University’s commitment to “creating an environment that embraces individual difference in race, ethnicity, national origin, gender, sexual orientation, gender identity expression, age, spirituality, socio-economic status, disability, family status, experiences, opinions and ideas…” (LSU, Diversity Statement)

VISION

The core tenants of the OoD Mission and University Diversity Statement provide a strong platform from which to launch a focused vision of Diversity, Equity and Inclusion for the next generation of growth and impact institutionally, regionally, nationally and globally.

Our Vision is centered on five pillars that will build upon and expand the current framework of the Office of Diversity:
• Commitment to positively impacting the University’s mission and strategic vision

• Providing enthusiastic leadership and support for faculty recruitment, retention, training, program development, curriculum enhancements and research opportunities

• Delivering holistic, success oriented, structured pathways for student access, support, and success through degree completion and eventual membership into the alumni community

• Improving campus climate and preparing University citizens to be culturally aware, engaged locally and connected globally

• Developing collaborative partnerships and shared leadership internally and externally that will impact the advancement and financial support for the Office of Diversity and LSU
