A Note from the President

Dear Tiger Parents,

I know that many of you have watched our legislature’s special session with trepidation, worried that decisions made at the Capitol could negatively impact LSU’s ability to provide you with an excellent education. While next year’s state budget still remains uncertain, we believe the Governor’s refusal to cut any additional state general funds from higher education this year is a positive sign.

We will continue to keep you informed as information comes out of the Capitol. LSU remains committed to providing a first-rate university-level experience. Higher education plays a critical role in preparing individuals for success in their adult years. We’re heading into commencement season, when thousands of our students will walk across the stage in their caps and gowns, having completed a lifelong dream—earning a degree from LSU, a degree that will open new doors and opportunities.

Our top priority has—and always will be—providing our students with an exceptional educational experience, which is why we vigorously maintain our university’s academic core no matter what challenges we face.

As always, thank you for trusting us with your Tiger.

F. King Alexander
LSU President

TOPS Update

TOPS remains a top concern for all Louisiana students. The proposed TOPS budget is funded at only 25% of the previous year’s level, which would drastically reduce access for Louisiana students. However, the Repeal Legislative Session has ended, and most bills were vetoed; so much can change between now and then. Fill out the Federal Application for Student Financial Aid (FAFSA) now if you haven’t already. If there is indeed a shortfall, those with completed FAFSAs will be given TOPS priority over those who did not submit the paperwork.
