EMERGENCY MEDICAL TECHNICIAN

The EMT course offered by LSU FETI is a 186-hour State Bureau of EMS approved training program which is based on: (1) current National EMS Education Standards and Guidelines, and (2) Louisiana Bureau of EMS Standards and Guidelines. Applicants may apply for Louisiana licensure after becoming a “Nationally Registered” EMT. EMTs possess the necessary skills needed to provide emergency medical care at the basic life support level with an ambulance service or other specialized service. At the successful completion of this training program, required testing, and licensure, the entry level EMT will be able to: evaluate the patient’s condition (either medical or trauma) and provide the appropriate assessment-based treatment which includes patient packing and handling.
