All software and hardware necessary will be made available. You'll have lots of questions about this assignment. I'll give you the details in class and devote a class period to the mechanics early in the semester. Topics must be discussed and approved in my office by me at least one week before the due date. If not 10 points will be deducted. Topics must be in the form of a hypothesis (preferably) or a question. The type of topic most suited to this form is to compare groups on something generally political using established cited evidence, then present visual examples to flesh out your explanations. Due dates will be staggered, 10 per week and selected by lottery in class.

5. **Final Exam** (30% of final grade) A Final Exam will cover all lecture material, emphasizing the second half of the semester, plus Moodle readings, plus the Bullock and Rozell book. Exam Date will be held in the classroom Monday December 3 5:30-7:30.
