This initiative will...

• Reduce underage drinking and prescription drug misuse and abuse
• Build upon the successes achieved through previous Strategic Prevention Framework efforts
• Increase the statewide prevention capacity
Timeframe and Funding

- **Timeframe:** October 1, 2013 through September 30, 2018
- **Total Funding:** 11.3 million dollars
  - 2.26 million annually
  - 5 years
- **150,000 Annually to Support SEW Efforts**
- **85% Annually to Support High Need Communities (HNC)**
- **15% Annually to Support State Level Administration**
Louisiana Prevention Priorities

Underage Drinking among persons aged (12 - 20)

Prescription Drug Misuse/Abuse among persons aged (12 – 25)
Selection of High Need Communities

- Review SEW data to identify the prevention priorities
- Use data to identify whether high need communities were clustered in a specific area of the state, or were distributed statewide
- Identify one high need parish within each Local Governing Entity
- Use data about resources to identify the parish within each LGE that not only had high burden of underage drinking and prescription drug misuse and abuse but also had fewer resources for addressing these burdens
## High Need Communities
