

 Museum of Natural Science	Spring 2016 <b>Museum Seminar Schedule</b> <small>*Seminars begin at 3:30 in the main gallery of Foster Hall</small>	<b>FOLLOW THE LSUMNS!</b>  @LSU Museum of Natural Science  @LSU_MNS   #MuseumSeminar  @LSU_MNS
--	--	--

January 15	- <b>No Seminar: “Welcome Back” Informal Beer Social @ 3:30pm</b>
January 22	- <b>Andre Moncrieff, Seth Parker, Joey O'Keefe, L. Rivers Berryhill, and Dr. Sara Ruane</b> LSUMNS*, Louisiana State University Title: <i>“Travelogues and lightning talks”</i>
January 29	- <b>Dr. Juliet Brophy</b> , Dept. of Geography & Anthropology, Louisiana State University Title: <i>“Discovering Homo naledi”</i>
February 05	- <b>No Seminar: Mardi Gras Holiday</b>
February 12	- <b>Dr. Vincent Richards</b> , Dept. of Biological Sciences, Clemson University Title: <i>“Comparative genomics, transcriptomics, phylogenomics, and community profiling of bacteria pathogens”</i>
February 19	- <b>Dr. Morgan Kelly</b> , Dept. of Biological Science, Louisiana State University Title: <i>“The price of victory: Consequences of environmental stress adaptation in marine invertebrates”</i>
February 26	- <b>Peter Scott</b> , Dept. of Biological Sciences, University of Alabama Title: <i>“Speciation, hybridization, and conservation of musk turtles in the southeastern U.S.”</i>
March 04	- <b>Brittany Owens</b> , Dept. of Entomology & LSAM**, Louisiana State University Title: <i>TBA</i> . Research Interests: <i>“Pselaphine, Staphylinid beetle systematics”</i>
March 11	- <b>Dr. Peter Hosner</b> , Dept. of Biology, University of Florida Title: <i>“Landfowl phylogenomics: evolution of the avian model clade”</i>
March 18	- <b>Dr. Michael Grace</b> , Dept. of Biological Sciences, Florida Institute of Technology Title: <i>TBA</i> . Research Interests: <i>“Sensory neuroscience, infrared imaging systems, and visual system development”</i>
March 25	- <b>No Seminar: Spring Break</b>
April 01	- <b>Dr. Andrea Bonisoli-Alquati</b> , School of Renewable Natural Resources, Louisiana State University. Title: <i>“Chernobyl and Fukushima: Ecological and evolutionary lessons from nuclear disasters”</i>
April 08	- <b>Vitek Jirinec</b> , School of Renewable Natural Resources, Louisiana State University Title: <i>“Nighttime whereabouts of songbirds: A case study in Jamaica and eastern U.S.”</i>
April 15	- <b>Zachary Rodriguez</b> , Dept. of Biological Science & LSUMNS*, Louisiana State University Title: <i>“Green blood and sticky feet: Investigating the evolutionary history of unusual traits in New Guinea lizards (BIOL 7921)”</i>
April 22	- <b>Dr. Rebecca Saunders</b> , Dept. of Geography & Anthropology; LSUMNS*, Louisiana State University Title: <i>TBA</i> . Research Interests: <i>“Southeastern U.S. prehistoric and early historic Native American archaeology”</i>
April 29	- <b>Dr. Lyndon Coghill</b> , Dept. of Biological Science, Louisiana State University Title: <i>TBA</i> . Research Interests: <i>“Phylogenetics, tree clustering, Tree of Life”</i>
