**Hours in Concentration** 35

*counts as Gen Ed Humanities

**counts as Gen Ed Soc Science

The secondary education concentration is part of the College of Science GeauxTeach program.

ENGL 20xx is a Gen Ed English literature course

The core of the physics program can be started in the second year and still finished in 4 years.

Students who need additional background before starting should fill their first year with Gen Ed and electives.

The department strongly recommends that the two courses listed as PHYS 4xxx be PHYS 4125 and 4132.

Those two courses are part of the physics core in the other concentrations.

4000 level ASTR, MEDP or NS courses can only be used as PHYS 4xxx replacements with department approval.
