Greek Charge

One of LSU’s goals is to protect the academic core of the institution. In keeping with that goal, the University identified areas to become ‘financially self-sustaining’ operations. One of those areas is the Greek Life office which is funded by the students who benefit from the services of the office, LSU Greek students.

The charge is $54 per semester through the duration of a Greek students’ participation in a Greek organization at LSU and will appear on the fee bill.

An Advisory Group of Greek students, advisors, and house corporation board serves as a sounding board for the staff to help guide strategic budgeting decisions.
