ARCHITECTURE • ARCH

General education courses are marked with stars (★).

1001 Architectural Design I (6) Prereq.: permission of department. 12 hrs. studio. Emphasis on two-dimensional representation of three-dimensional forms; development of basic skills in architectural design drawing and modeling.

1002 Architectural Design II (6) Prereq.: ARCH 1001, 12 hrs. studio. An Honors course. ARCH 1102 is also available. Credit will not be given for this course and ARCH 1102.

2001 Architectural Design III (6) Prereq.: ARCH 2002 or ARCH 2001; coreq.: ARCH 2003, 12 hrs. studio. An Honors course. ARCH 2102 is also available. Credit will not be given for this course and ARCH 2102.

2002 Architectural Design IV (6) Prereq.: ARCH 2001 or ARCH 2101; coreq.: ARCH 2006, 12 hrs. studio. An Honors course. ARCH 2102 is also available. Required field trip. Students are responsible for paying travel expenses associated with the course. Credit will not be given for this course and ART 2002.

2004 Architectural Topos (3) Prereq.: ARCH 2003; coreq.: ARCH 2002. Use of case studies to contrast the meanings of buildings designed in urban or rural environments.

2011 Honors: Architectural Design I (3) Prereq.: ARCH 1002 or ARCH 1102; coreq.: ARCH 2003; 12 hrs. studio. Same as ARCH 2001, with special emphasis for qualified Honors students. Credit will not be given for this course and ARCH 2001.

2145 Louisiana and Gulf Coast Building Culture (3) History and development of Louisiana and the gulf coastal architecture from the 17th century to the present.

2401 Appreciation of Architecture (3) Not open to architectural design majors and minors; architectural vocabulary, style, symbolic form characteristics, spatial character, and refinements.

2402 Introduction to Structural Forms (3) Prereq.: enrollment in professional program in architecture or interior design. Nonmathematical survey of structural elements and systems in the environmental design study of forces and force systems; state of stress; deformation; properties of shapes.

2900 Survey on Architectural Study and Research (1-3) Prereq.: consent of instructor. May be taken for a total of 6 hrs. of credit with consent of school director. Investigation of areas of interest not covered in other departmental courses.

3001 Architectural Design V (6) Prereq.: approval for advancement to upper division in architecture. 12 hrs. studio. An Honors course. ARCH 3101 is also available. Required field trip. Students are responsible for paying travel expenses associated with the course. Credit will not be given for this course and ARCH 3101.

3002 Architectural Design VI (6) Prereq.: ARCH 3001 or ARCH 3101, 3007. 12 hrs. studio. An Honors course. ARCH 3102 is also available. Required field trip. Students are responsible for paying travel expenses associated with the course. Credit will not be given for this course and ARCH 3102.

3003 Architectural Design VII (6) Prereq.: ARCH 3001 or ARCH 3101, 3007. 12 hrs. studio. An Honors course. ARCH 3103 is also available. Required field trip. Students are responsible for paying travel expenses associated with the course. Credit will not be given for this course and ARCH 3103.

3004 Architectural Design VIII (6) Prereq.: ARCH 3001 or ARCH 3101, 3007. 12 hrs. studio. An Honors course. ARCH 3104 is also available. Required field trip. Students are responsible for paying travel expenses associated with the course. Credit will not be given for this course and ARCH 3104.

3005 History of Architecture I (3) The development of architectural and spatial forms as they relate to changing perceptions of self, society, and the natural world from the Italian Renaissance through modern times.

3007 Architectural Systems (3) Prereq.: approval for advancement to upper division in architecture. Detailed treatment of construction materials and systems, with emphasis on large scale application of enclosure systems and steel and concrete structures.

3008 Environmental Control Systems (3) Prereq.: approval for advancement to upper division in architecture. Principles and practices of design and mechanical systems, including lighting, electrical distributions, acoustics, plumbing, ventilation, and fire suppression.

3011 Honors: Architectural Design V (6) Prereq.: ARCH 3001 or ARCH 3101, 3007. 12 hrs. studio. An Honors course. ARCH 3105 is also available. Required field trip. Students are responsible for paying travel expenses associated with the course. Same as ARCH 3001, with special emphasis for qualified Honors students. Credit will not be given for this course and ARCH 3105.

3012 Honors: Architectural Design VI (6) Prereq.: ARCH 3001 or ARCH 3101, 3007. 12 hrs. studio. Same as ARCH 3002, with special emphasis for qualified Honors students. Credit will not be given for this course and ARCH 3102.

3045 Hands on Materials (3) V Prereq.: ARCH 2154, 6 hrs. studio. Design and physical manipulation, construction, and/or fabrication of devices or components made primarily but not limited to building materials.

3051 Architectural Design VII (6) Prereq.: ARCH 3002 or ARCH 3102, 12 hrs. studio. Service-learning course. An Honors course. ARCH 4101 is also available. Credit will not be given for this course and ARCH 4101.

3052 Architectural Design VIII (6) Prereq.: ARCH 3002 or ARCH 3102, 12 hrs. studio. An Honors course. ARCH 4102 is also available. Credit will not be given for this course and ARCH 4102.

3053 Hands on Materials (3) V Prereq.: ARCH 2154, 6 hrs. studio. Design and physical manipulation, construction, and/or fabrication of devices or components made primarily but not limited to building materials.

3060 Architectural Design IX (6) Prereq.: ARCH 3001 or ARCH 3101, 3007, 12 hrs. studio. Same as ARCH 3002, with special emphasis for qualified Honors students. Credit will not be given for this course and ARCH 3102.

3900 History of Architecture III (3) Prereq.: ARCH 3006. Majors only, or by permission of department. Development of architectural cultures. "Building" is used to relate to changing perceptions of self, society, and the natural world in the 20th century.

4012 Advanced Architectural Technology (3) Prereq.: ARCH 3808. Seminar relating to topics of architectural technologies including, but not limited to building structures, environmental concerns, electronic transfer of information.

4033 Fundamentals of Architectural Technology (2) Prereq.: arch 2001 or 2002 and approval of instructor. A survey of the fundamental theories and techniques of mathematical and physical science related to the application of architectural technology.

4041 Issues in Sustainability (3) Examination of issues in sustainability as they relate to the practice of architecture.

451 Advanced 20th Century Architectural History (3) Prereq.: ARCH 3005, 3006. Topics in 20th century architectural history and theory.

4052 Advanced Architectural History (3) Prereq.: ARCH 3005. Topics on architectural theory and history.

4062 Urban Design and Planning (3) Fundamentals of urban morphology in relation to historical, social, political, and economic systems.

4072 Community Design Studies (3) Study of community development and community-based practice with an emphasis on contemporary participatory action research and techniques.

4090 Restoration Studies (3) Theory and methodology of architectural restoration; tools and techniques of restoration.

4101 Honors: Architectural Design VII (6) Prereq.: ARCH 3001 or ARCH 3101, 12 hrs. studio. Same as ARCH 3002, with special emphasis for qualified Honors students. Credit will not be given for this course and ARCH 4002.

4102 Honors: Architectural Design VIII (6) Prereq.: ARCH 4001 or 4101, 12 hrs. studio. Required field trip. Students are responsible for paying travel expenses associated with the course. Same as ARCH 4002, with special emphasis for qualified Honors students. Credit will not be given for this course and ARCH 4002.

4151 Recording Historic Structures (3) Prereq.: permission of department. 1 hr. lecture, 2 hrs. lab. Hands-on field and laboratory experience in current methods of documenting historic buildings, including hand methods, photography, and photogrammetry.

4165 Applied Principles of Conservation (3) Prereq.: permission of department. 1 hr. lecture; 4 hrs. lab. Laboratory work will be at the LSU Rural Life Museum. Hands on work with traditional construction materials, tools, and methods: masonry, timber, bousillage, and others.

4221 Selected Topics in Architecture (3) V May be taken for a maximum of 3 hrs. of credit with approval. Studies in various subjects related to architecture.

4353 Principles and Practices of Land Development (3) Emphasis on legal, financial, and physical aspects of land development.

4440 Vernacular Architecture and Material Culture (3) See Architectural History and Theory.

4441 Aesthetics of Architecture (3) Prereq.: consent of instructor. Development of aesthetic theory through architectural literature.

4474 Passive Solar Energy Applications for Buildings (3) Design and application of passive solar systems for space heating and cooling of buildings.

4700 Research Methods (3) Major research methods in architecture; hypothesis formulation and testing, data gathering and analysis.

4991 Advanced Computer Applications in Design (3) F.S.Prereq.: permission of department. 1 hr. lecture; 2 hrs. lab. Development and application of computer-based image processing and rendering techniques.

4992 Computer Aided Architectural Graphics (3) F.S.Prereq.: consent of instructor. The development and application of computer-aided architectural design and communication skills.

5001 Comprehensive Architectural Design (6) Prereq.: ARCH 4002 or ARCH 4102, 12 hrs. studio. An Honors course. ARCH 5101 is also available. Credit will not be given for this course and ARCH 5101. Emphasis on the philosophy of design. Required field trip. Students are responsible for paying travel expenses associated with the course. Credit will not be given for this course and ARCH 5102. Emphasis on the design of single or multiple buildings in urban environments.

4003 intensive Design Studio (6) F.S. Prereq.: ARCH 4002, 12 hrs. studio. Emphasis on architectural problems developed around faculty expertise and emerging opportunities in the profession.
