Issue 377

March 2016

The LSU Workday Implementation Project continues its testing phase. Representatives from all of the LSU institutions transitioning to Workday are working diligently through scenarios to ensure that our business processes will work appropriately in the new systems. In addition, efforts are underway to develop training materials and increase the general knowledge of the project across the multi-campuses. Training resources will be available in late spring/early summer before the implementation of the new system in July.

For additional information, please refer to the LSU Workday website: [www.lsu.edu/workday](http://www.lsu.edu/workday). Questions or concerns regarding the LSU Workday Implementation may be directed online to [www.lsu.edu/wdfeedback](http://www.lsu.edu/wdfeedback).

## Business Managers' Meeting

There will be NO March meeting.

The next meeting will be held Tuesday, April 12 from 9:30 am - 11:00 am in the Atchafalaya Room, LSU Student Union.

## Sponsored Program Accounting

### Progress Reports

All progress reports, regardless of sponsor, must have the principal investigator's signature and date. If this is not part of the report, it must be added. Since the cover letter is not considered part of the progress report, the signature needs to be on the actual progress report.

### Board of Regents (BOR) Industrial Match

Industrial match commitment letters for BOR contracts are due to BOR by **March 31, 2016**. The original commitment letter should be mailed directly to BOR with a copy to SPA as long as there are no changes with sponsor, amount, or terms. If a change is necessary, you must contact your appropriate Sponsored Programs Office. The commitment letters are required in order for SPA to budget the next year's funding.

### BOR R&D and Enhancement contracts expiring June 30, 2016

Any requests for rebudgeting and/or no-cost extensions must be submitted to BOR by **April 30, 2016**. Please allow time for review by Sponsored Program Accounting and/or the respective Sponsored Programs Office. Any questions regarding BOR accounts should be directed to the grant contact whose name can be found on COASPA which is the Sponsored Program Accounting screen of the Chart of Accounts (COA). The grant contact can also be found by accessing the Grant/Contract Account Information query under Reporting Tools through Financial Services in myLSU.

**Subrecipient invoices** should be forwarded to SPA for review. SPA will review the invoice and forward it to Accounts Payable for processing. Please remember to reference the LSU account number on the invoice and process a receiving report in PRO prior to sending it to SPA. In addition, refer to the PI Checklist for Subcontractor Invoices in the Post Award Manual on the SPA website. The link can be found at <http://www.lsu.edu/administration/ofa/oas/spa/manual/postawardadministration.pdf>.

### **Equipment**

All equipment purchased on a sponsored project must be reconciled to both the Asset Works System and to the General Ledger System to ensure that all equipment purchased is tagged on the correct account. Ensure that purchase orders which are split between multiple accounts are tagged appropriately. When cost transfers are processed, ensure the funding source in Asset Works reflects the amount charged to each account.

### **General Purpose Office Supplies**

General purpose office supplies (including printer cartridges and computers) are normally **not** allowable as a direct cost to federal or federal pass thru sponsored agreements. They are included in our F&A calculation.

### **Overdrawn Accounts**

University policy states that restricted accounts are the responsibility of the department and should **not** be in an overdraft status. It is imperative that immediate attention be given to such accounts and appropriate action taken to clear the overdrafts. However, some accounts may be in an overdraft status which are acceptable due to extenuating circumstances (such as, a multi-year agreement or incrementally funded agreement or a pending request for additional funding).

### **Cost Transfers**

A cost transfer is an after-the-fact reallocation of an expenditure from one account to a sponsored project via journal voucher (CJ or SJ) or personnel action form. Expenditures should be charged to the appropriate sponsored project when first incurred. However, if necessary, a cost transfer may be submitted within 90 days from the end of the month in which the original entry was recorded. To comply with allowability and allocability requirements of Office of Management and Budget (OMB) Uniform Guidance, it is necessary to explain and justify the transfer of charges. Justifications

“to clear an overdraft” or “to spend out the balance” are not acceptable. Frequent, tardy or unexplained (or inadequately explained) transfers can raise serious questions about the propriety of the transfers and our accounting system and internal controls. The cost transfer forms (AS226 – non personnel and AS227 – personnel) and approval signatures were developed to avoid audit questions regarding transfers.

### **Retroactive Personnel Forms**

Payroll expenditures **cannot** be transferred via journal voucher. For retroactive personnel forms, the form must be loaded in HRS with a SPA Justification (SJ) on form AS227. Only the AS227 form will be accepted as SPA Justification. The form can be found on SPA’s website at <http://www.lsu.edu/administration/ofa/oas/spa/asforms/as227.pdf>.

An AS227 is required when the HRS form is prepared more than 30 days after effective date. The completed AS227 must document why the salary expenditure is being moved to the sponsored agreement account. Justifications “to clear an overdraft” or “to spend out the balance” are not acceptable. When answering question #2, on the AS227, the response must detail duties the individual performed and how these duties fulfilled the goals and objectives of the project. For example, Mike Tiger is a Research Associate responsible for analyzing samples and compiling data for the ABC (sponsor name) project entitled XXX (grant name).

### **Early Termination**

If an agreement is terminated for any reason, please notify both SPA and OSP in writing (e-mail is preferred). If the sponsor sent any written correspondence relating to the termination, e.g., e-mails, letters, etc., this must also be forwarded to both offices. Both SPA and OSP will work with the P.I., department, and sponsor to close the project. Additionally, if a P.I. or Graduate Assistant named on any project has left the University, please notify SPA and OSP immediately.

### **Personnel Activity Reports (PARs)**

Importance of PARs

- 1) To document salary charged directly to sponsored agreements
- 2) To document salary cost sharing
- 3) Used in the calculation of the F&A rate
- 4) Included in the Higher Education Research & Development Survey (formerly called the NSF Survey)

**Sponsored Program Accounting** continued...

Please certify and return all outstanding PARs. If applicable, ensure cost sharing is documented before returning the PARs.

The following PARs are due:

Fiscal	PAR 6	Due 02/22/16
Academic	PAR 1	Due 02/29/16
Wage	PAR G	Due 03/28/16
Wage	PAR H	Due 03/28/16

If you have any questions, please contact Sarah Ulkins at 578-1430 or [sulkins@lsu.edu](mailto:sulkins@lsu.edu).

PARs must be certified by the employee or someone having first hand knowledge of his/her activities with the exception of graduate assistants. Graduate Assistants must have their PAR certified by their supervisor. PARs with delegated signatures are not acceptable.

Departmental administration cannot be documented from a sponsored agreement account (4, 5 or 6 in the sixth digit of the account number), nor can graduate assistants claim departmental administration.

Although the PAR system is capable of recording cost sharing effort to two decimal places, a reasonable cost sharing effort should be documented in whole percentages.

**Post Award Training Dates for Spring Semester 2016**

Training dates can be found on SPA's webpage at <http://www.lsu.edu/administration/ofa/oas/spa/Training.php>.

# Payroll

**Academic Graduate Assistant (GA) Separation forms** effective 05/13/2016 will be programmatically loaded to the HRS system on **March 18<sup>th</sup>**. Departments will be able to view these forms on HRS. The forms will be released programmatically and become current on 05/13/2016. If a GA is separating prior to 05/13/2016 or is due a merit prior to 05/13/2016, please contact Lorin Oliver at [lolive7@lsu.edu](mailto:lolive7@lsu.edu) or Mindy Bergeron at [mbergero@lsu.edu](mailto:mbergero@lsu.edu) to have the 05/13/2016 XSEP nulled.

**Timesheets for student workers paid under the Federal Work Study program must** be submitted with the ETA reports for each student payroll. If there are any questions about what documentation is required, please call Student Payroll.

**Students Must be Paid for All Hours Worked**

PS-33 states that students should not be allowed to work more than 20 hours a week during the fall and spring semesters. However, if the student actually works over 20 hours per week, per the FLSA (Fair Labor Standards Act) the student must be paid for **all** hours worked. Departments must submit all hours listed on the student timesheet to Payroll for payment.

**Employee Time Certification**

Louisiana Revised Statue 3311 A(3) requires administrative, professional and academic personnel to certify that they were either present or absent from their usual duty posts during the usual working day. It further requires that the certification be signed and reported monthly.

Civil Service Rule 15.2 requires classified employees and their supervisor to certify the number of hours of attendance or absence from duty on the time and attendance records.

University Policy Statement 33 requires that time be certified by the student employee and their supervisor.

University Policy Statement 12 requires that leave slips be signed by employees and approved by their supervisor.

Certification procedures should be performed with each payroll for student and classified employees and on a

**Payroll** continued...

monthly basis for administrative, professional and academic personnel. Leave slips should be signed and approved as leave is taken.

### Helpful Tips to Prevent Payroll Fraud

**Ensuring proper controls are in place** is the first step to preventing payroll fraud. Each department should have payroll processing procedures that cover student employment eligibility and completion, processing, approval and submittal of employee timesheets. Additional tips for preventing payroll fraud are listed below:

- **Employee timesheets** should be completed for hours **actually** worked, including dates and times of work.
- **Supervisors** should monitor employee work hours and ensure that the time reported is accurate before approving the employee's timesheet.
- **Never** return a completed and approved timesheet back to the employee.
- **Do not accept** a timesheet that is written in pencil or erasable ink.
- **Changes** to a timesheet should be initialed by the employee and the supervisor.
- **Never** load time for a previous pay period on ETA. Process separation forms immediately for terminated employees and remove them from ETA.
- **Investigate** unexplained variances in pay such as a large increase in total pay for an employee or an employee working on non-scheduled work days.
- **Reconcile** University records such as payroll distribution reports and ledgers on a timely basis and investigate questionable items immediately.
- **Call Payroll** immediately for instructions regarding a current appointment form, if a new employee does not show up to work.

### HRS Tip

Please do not load multiple forms in HRS and leave them in **INIT**, **INC** or **BAL** status. Incorrect forms should be deleted using the **Delete Button** found on the **Approve** tab. The HRS Form Search report or Reporting Tools can be used to identify these forms.

Forms in the referenced statuses will prevent subsequent forms released to RPAY from becoming current.

## CONTROL DATES

### Monitoring Control Dates

Departments should be monitoring control dates that are associated with personnel action forms. The number of forms with expired control dates continues to grow and the failure to load the appropriate subsequent form results in inaccurate financial records. The following are some of the effects of forms with expired control dates :

- ⇒ Incorrect salary charges on ledgers
- ⇒ Incorrect PARs
- ⇒ Prevention of salary transfers
- ⇒ Incorrect salary encumbrances

### Fund End Date vs Transaction Expire Date

The Fund End Date is used to control the funding of an employee's salary for a period of time. This date is generally associated with sponsored projects and should be monitored continuously for needed extensions or changes to the salary funding source. A Change in Source of Funds (XCSF) form is the appropriate form to use when updating the Fund End Date.

The Transaction Expire Date is used to control an action associated with the employee, such as, granting of sabbatical leave, the award of an honorific, or the end of a contract period. There are numerous control date codes associated with the Transaction Expire Date and the personal actions required to extend this date are varied. The HRS Help section has an excellent reference guide for assistance with loading the appropriate action. A XCSF form cannot be used to update the Transaction Expire Date.

### Control Date Report

The Control Date report (in the 'Personnel Reports' section of Reporting Tools) is a very helpful resource to use when monitoring control dates. Any dates entered in "Control Dates" (located under the second, circled A action button) section of the personnel form will appear on the Control Date report. Departments

should run this report monthly to check for future expiration dates, and promptly process any personnel action forms needed to update expiring control dates.

### Control Date Tips

Control dates should be checked on every form that is loaded to ensure the information is being appropriately updated.

Be sure to check for breaks in service when updating control dates. The effective date of the subsequent form should be no later than the next calendar date following the prior form's control date.

# LACARTE

**LaCarte and CBA BF entries must be released to AP using the online PCARD system** with complete cost documentation no later than 30 days from the date of the purchase/transaction. Please make sure all entries are released to AP (RAPS status) when the final approvals are made. The LaCarte card will be suspended for any outstanding entries past 30 days.

**Helpful tip for LaCarte Users!**

When trying to keep up to date with LaCarte entries, please utilize the Search Screen in the Procurement Card system to monitor outstanding entries. You can search by the first five digits of the department account number, status of your department’s entries (NOTF, RAPR, RAPP, and RAPS), and also individually by the myLSUID or LSUID.

**Preferred Seat Enhancement in STO**

Short’s Travel has added an enhancement to address requests to book preferred seats in STO. Travelers can now request preferred seats. There is a note added which indicates if the traveler does not qualify for a preferred seat, therefore, Short’s Travel cannot guarantee that a seat will be assigned. In order for a traveler to qualify, the traveler must have a “preferred status” with the airline to book a preferred seat. If the traveler does not have preferred status, the airline will not confirm a preferred seat.

**Safeguard Payment Information**

Please make sure to remove credit card numbers, expiration dates and security codes from all receipts and documentation submitted.

**Conference Lodging**

If attending a conference/workshop or seminar, please attach the conference documentation providing the hotel name and nightly rate whenever the hotel nightly rate exceeds the routine lodging rate allowed for the business destination. Please refer to PM-13, “University Travel Regulations” for the lodging rates.

It is very important to save or print the conference hotel information at the time of registering for a conference/workshop/seminar, since many websites remove the conference lodging information once all rooms are booked, the deadline for booking has passed or the conference has ended.

An e-mail from the conference organizer providing the name of the conference hotel and nightly rate is acceptable documentation. In the event the conference hotel has no room availability, the actual lodging cost for

the non-conference hotel, which must be in the immediate vicinity of the conference hotel (no additional transportation charges incurred), will be reimbursed up to the conference lodging rate. The conference information which includes hotel name and nightly rate should be included in order to be reimbursed for the non-conference hotel. For questions, please contact a member of the Travel staff.
