Importance of PARs

- Required federal regulations mandated by the Office of Management and Budget's (OMB) Circular A-21
 - Circular A-21 establishes principles for determining costs applicable to Federal grants, contracts, and other agreements with educational institutions. Accounting practices of individual colleges and universities must 1) support the accumulation of costs as required by the Circular and 2) provide adequate documentation of charges to sponsored agreements.

Importance of PARs

Confirm after the fact that employee's workload distribution and earnings that should have been paid (based on personnel forms in effect at the time the PAR is generated) reasonably represents employee's actual workload distribution

- Salary is the largest expenditure at LSU
- Document salary cost sharing

Importance of PARs

Financial Accounting and Reporting (FAR) uses PAR information when preparing the F&A rate proposal

 Budget and Planning also relies on PAR information when preparing the HERD (Higher Education Research & Development) Survey (formerly called the NSF Survey)

Who Receives a PAR?

 Graduate assistants, fiscal employees, and academic salary employees working in academic units and centers

Employees working on sponsored agreements

Classified employees do NOT receive a PAR unless working on a sponsored agreement

Who Receives a PAR?

Manual PARs must be created for classified employees who are cost sharing to a sponsored agreement

Students and contingent/transient employees do NOT receive PARs because their timesheets are an auditable method of documenting time and effort

PAR Types/Periods

Fiscal PARs

- Four fiscal PAR periods which reflect three months of salary
- > Identified as PAR periods 5, 6, 7, and 8
- > Distributed quarterly

Academic PARs

- Three academic PAR periods that each correspond with an academic semester
- Identified as PAR periods 1, 2, and 3
- Distributed after the end of each semester

PAR Types/Periods

Wage PARs

- Twelve wage PAR periods; each represents four weeks of pay, with the exception of two PAR periods that represent six weeks of pay
- Identified as PAR periods A L
- > Distributed six times a year, two at a time

- Department must ensure that each person employed during the PAR period has received a PAR
- If a PAR is missing, contact the PAR Analyst at 8-1430
- Sign <u>AND</u> date in blue or black ink; should be signed by either the employee or someone with firsthand knowledge of all the employee's activities; <u>EXCEPTION</u>: GA PARs must be signed by the supervisor of <u>each</u> account shown

Document cost sharing on the PAR if employee has committed cost sharing to a project

- Department administration percentage must be documented on the Dept Admin line of the PAR
- Supervisors of separated employees must certify the PAR

- If workload distribution does not represent a reasonable apportionment (within 5% deviation) of employee's activities, a corrected personnel form must be completed; attach copy to PAR
- Once a PAR is certified, retroactive personnel forms should <u>NOT</u> be processed. On the <u>RARE</u> occasion that there is a retro form, the PAR must be recertified.

All PAR contacts should have view access to the PAR system on mainframe as well as access to the reporting tools mentioned in this presentation. Access can be requested via the "Security Access Request" link, which is under "Financial Services" on myLSU.

- Fund End Date (under the Professional Specific Data section of the HRS Header page)
 - If there is a fund end date on HRS, and that date is earlier than the last day of the PAR period, then a PAR will either not be generated or will generate with the incorrect total.
 - Salary encumbrance on ledger will be incorrect
 - Cost transfers for salaries will not be created

- A change in source of funds is required to extend or change the employee's funding once the fund end date is reached.
- There is a reporting tool available to monitor the fund end date and identify which employees require a change in source of funds. The report title is "Control Date Report" and it is under the "Personnel Reports" section of Reporting Tools.

- Control Date report should be run using a 1/1/12
 3/31/13 date range to "catch up" on any employees needing a change in source of funds
- After initial "catch up," run report monthly
- Check for breaks in service. There should be no break between the current fund end date and subsequent effective date.

Tools Available for Certifying PARs with Cost Sharing

- <u>Record of Grant Establishment (RGE)</u>: cost sharing commitments are recorded on the RGE
- Cost sharing letter: A cost sharing letter is distributed to the departmental contact with the RGE and Cost Sharing Detail by Account. These documents should be reviewed by appropriate departmental personnel and the PI. The PAR Analyst should be notified if any errors are noted.

Tools Available for Certifying PARs with Cost Sharing

Cost Sharing Detail Reports on Reporting Tools:

- Salary cost sharing commitments entered on CSC screen in mainframe; CSC feeds commitments to the Cost Sharing Detail Reports on Reporting Tools
- > Two types of Detail Reports: 1.) by account number and 2.) by LSU ID
- Detail Reports show commitments as well as documented cost sharing (pulled from PAR system)
