

JUNE 5 - JUNE 28

PROGRAM FEE
\$2,400 + TUITION/FEES & AIRFARE

LSU in Thailand is a three-week program designed to provide you with an opportunity to learn abroad the issues involved in sustainable agricultural development, as well as provide cultural and intellectual enrichment. This is the fifth year of this program!

This course is designed to provide students in all majors in the College of Agriculture international experience in agriculture. This course will be tailored for the student's particular interests in agriculture.

Students will appreciate the tradition of hospitality and friendliness from some of the most generous people in the world in the "Land of Smiles." The class will begin in Bangkok, "the City of Angels," then travel to other areas and attractions of the country, including the charming northern city of Chiangmai, elephants, the Royal Project, and Hill Tribes in the north, the Floating Market in Ratchaburi, the orchards and coastal areas of Hua Hin and Petchaburi as well as the southeastern provinces of Rayong and Chanthaburi.

FACULTY

Dr. Carl Motsenbocker (Program Director)
School of Plant, Environmental and Soil Science

COURSES OFFERED

HORT 4012

Special Topics in Horticulture
(3 hour credit)

Students who would like to conduct a research project in their major while in Thailand may enroll for an additional 3 hour course with instructor permission.
