<sup>1</sup>Indicates core services

<sup>2</sup>Offender admits were used in place of discharges for baseline

<sup>3</sup>Offender telemed services were conducted under LH from 8/1/12 to 6/21/13, then later conducted under LAK beginning 8/19/13

<sup>4</sup>Observations- historical reporting did not take into account patient status at discharge; Reporting occurs prior to final utilization review and charges and therefore includes patients that ultimately have a discharge status of inpatient.

<sup>5</sup># HIV Prescriptions filled - LA ADAP was discontinued June 1, 2013. The STD/HIV program model/contract was reinstated July 1, 2014.

**Graduate Medical Education Resident FTEs  
Our Lady of the Angels Hospital Bogalusa Based Programs**

	<b>Program Specialty</b>	<b>FY 2014 Resident FTEs</b>	<b>FY 2015 Resident FTEs</b>	<b>FY 2016 Resident FTEs</b>
FY14 includes HCSD/Washington St. Tammany (Bogalusa) and Our Lady of the Angels Hospital; FY15 & FY16 includes Our Lady of the Angels Hospital only	Family Medicine-Bogalusa <sup>8</sup>	18.1	16.9	18.0
	Ophthalmology	0.9	0.8	0.9
<b>Bogalusa Programs</b>		<b>19.0</b>	<b>17.7</b>	<b>18.9</b>

Information provided by New Orleans School of Medicine

FTE count may fluctuate due to residents on maternity leave, repeating or late completion of a rotation and/or changes in rotation specialties throughout each program

FTEs represent those paid for the first month of the FY / AY only and over the course of the year, the FTEs will vary, although not a lot

FTE count represent LSUHSC New Orleans employee only; Residents from Tulane, Ochsner or the OLOL Pediatrics program would not be included in these numbers

<sup>8</sup>Family Medicine-Bogalusa includes residents on an HRSA grant: 7 residents (FY14 & FY15) and 6 residents (FY16)

\*Indicates core services

<sup>0</sup>Offender admits were used in place of discharges for baseline

<sup>2</sup>Offender telemed services were conducted under ILH from 8/1/12 to 6/21/13, then later conducted under LAK beginning 8/19/13

<sup>3</sup>LSU BR Health only - outpatient clinic visits and outpatient encounters for FY 2012 (baseline) was adjusted to account for services (i.e., pediatrics, OB/GYN, prisoners) which did not transfer to OLOL

<sup>4</sup>HIV Prescriptions filled - LA ADAP was discontinued June 1, 2013. The STD/HIV program model/contract was reinstated July 1, 2014.

Data provided by LSU HCSD for EKL FY12; Data provided by OLOL-LSU HBR for OLOL FY12, LSU HBR FY14 and after

Mid City Urgent Care - Monthly Average FYE June 2015 total is based upon 7 months of data; Center opened in December 2014

Information currently not available or services not applicable

## LSU Health Public-Private Partnership Report Card FY 2016 - 4th Quarter

LSU Health BR - A Division of Our Lady of the Lake Regional Medical Center - Baton Rouge, Louisiana		
Footnotes	Comments	Date completed
	Free Care patient mix is low due to the inability to access the Department of Revenue system to verify income. In the past, EKL was allowed access as a public hospital; however, private facilities are not allowed this privilege. This hinders the ability to approve or deny applications when patients do not return applications as requested.	7/9/14
	Inpatient Discharge Days: Differences in patient population and breadth of services provided explains differences in the comparison of patient days. For example: EKL Cardiac patients were transferred to other hospitals if interventional procedures were needed, reducing patient days. OLOL offers full-service cardiac care which increases patient days. The inpatients are defined as all inpatients who have had clinic visits since the transition; patients who have LSU physicians attending, admitting, surgeon or consulting; or who have Medicaid, financial assistance, or are private pay. We considered those to be defined as covered under the CEA, realizing that a subset of the Medicaid, financial assistance, and private pay patients were our patients prior to the transition – but with no accurate way to report them separately. Inpatients - Adult and Peds stats revised based on discussion . It now includes all Self Pay & Medicaid patients based on Lake Classification. Inpatients Psychiatry stats revised based on discussion . It now includes all Self Pay & Medicaid patients based on Lake Classification . The patients with Principal Dx of 290 to 319	7/9/14
	ED Visits: ED patients are defined as patients who have had clinic visits since the transition; who have LSU physicians as the attending, admitting, surgeon or consulting; who have Medicaid, financial assistance, or are private pay. We considered those to be defined as covered under the CEA, realizing that a subset of the Medicaid, financial assistance and private pay patients were our patients prior to the transition – but with no accurate way to report them separately. ED visits revised based on discussion . It includes all Self Pay & Medicaid based on Lake Classification . In addition it also includes Patient Type - Treatment or Patient Type - T that comes through ER - Fast Track eg. Sickle Cell etc.	7/9/14
	Outpatient Encounters/Outpatient Clinic Visits with E&M codes: Due to differences in operational accounting methods between EKL and LSU BRH, outpatient encounters are not equally comparable. Outpatient Encounters Stats revised it includes Outpatient at LSU clinics, Ambulatory , Observation and Outreach patients.	7/9/14
	Observations Days are the patient days of Patient Type Observation or Patient Type Q based on Lake Classification with stay <=72 hrs	7/9/14
	Urgent Care volumes are low due to an issue with charge capture - causing some of the charges to "error out". Will correct on next report.	12/2/14
	Charging issues were causing erroneous (lower)reporting of volumes. Urgent Care statistics are modified for the December report to depict encounters as opposed to charges as previously reported.	12/15/15

Information provided by New Orleans School of Medicine

FTE count may fluctuate due to residents on maternity leave, repeating or late completion of a rotation and/or changes in rotation specialties throughout each program

FTEs represent those paid for the first month of the FY / AY only and over the course of the year, the FTEs will vary, although not a lot

FTE count represent LSUHSC New Orleans employee only; Residents from Tulane, Ochsner or the OLOL Pediatrics program would not be included in these numbers

<sup>6</sup>FTE count includes general dentistry and oral surgery residents in the medical school as part of their residency

\*Indicates core services

<sup>1</sup>Offender admits were used in place of discharges for baseline

<sup>2</sup>Offender telemed services were conducted under ILH from 8/1/12 to 6/21/13, then later conducted under LAK beginning 8/19/13

<sup>4</sup># HIV Prescriptions filled – LA ADAP was discontinued June 1, 2013. The STD/HIV program model/contract was reinstated July 1, 2014.

Data provided by LSU HCSD for FY12; Data provided by UMCNO (previously ILH) for FY14 and after

Information currently not available or services not applicable

**LSU Health Public-Private Partnership Report Card  
FY 2016 - 4th Quarter**

<b>University Medical Center New Orleans - New Orleans, Louisiana</b>			
Footnotes	Comments		Date completed
	Outpatient Encounters were calculated using charges and includes the count of ER visits and LWBS charges. The baseline is calculated based upon patient encounters and excludes ED visits and LWBS patients. Updated the measures and definition to exclude ED visits, admits, and LWBS encounters.		6/30/15
	ED Visits were calculated as ER level visit charges including LWBS charges and ED outpatients admitted to the inpatient areas. The baseline is calculated using ER level visits only excluding LWBS and patients admitted as inpatients. Updated measures and definitions to exclude ED admits and LWBS encounters.		6/30/15
	IP, OP, ED, and Psych Payer Mix percentages were calculated using patient revenues, whereas the baseline is calculated using inpatient days or visits. Updated measures and definitions so that IP & Psych are a percentage of inpatient days, and OP and ED are a percentage of visits.		6/30/15
	The decrease in OP and ED Free Care percentages in the Patient Mix is due to a shift from Self-Pay to Managed Medicaid.		7/1/15
	OP Pharmacy closed in August 2015.		9/1/15
Operations Milestones	Accomplishment	Impact	Date completed
	Ascom Unite was installed, which connects the nurse and nurse aides to the nurse call system	Allows the caregivers to be more in direct contact with the patient	4/1/16
	IOS Roverswas installed, which is a pilot program to test out the new medication administration hardware for Epic	Presents the user with an easier access view for patient care and med administration	4/1/16
	The Cancer Center was awarded Three Year Accreditation from the Commission on Cancer	Promotes patient-centered cancer care, including the delivery of genetic testing and counseling, the development of survivorship care plans, and mechanisms to address psychosocial distress and health care disparities and barriers	5/1/16
	Instituted a Colorectal Bundle in surgery	To reduce Infection Rates	6/16/16
	Developed and instituted a surgery specific standardized patient education booklet related to reducing infections	To reduce Infection Rates	6/16/16
	Added waterless hand gel to our inpatient admission packet with education on the importance of hand hygiene	To reduce Infection Rates	6/16/16
	New patient handbook that includes more patient education materials on items from the facility, reducing infection, discharge planning, etc	To improve patient education	6/16/16
	Opened a gift shop	Able to provide this service to our patients	6/16/16
	Installed 2 water bottle filling station in the public areas	Promote healthy living	7/16/16

FY14 and FY15 includes HCSD/MCLNO, LSUHSC department accounts, and LA Children's Medical Center; FY16 includes LSUHSC department accounts and LA Children's Medical Center

Information provided by New Orleans School of Medicine

FTE count may fluctuate due to residents on maternity leave, repeating or late completion of a rotation and/or changes in rotation specialties throughout each program

FTEs represent those paid for the first month of the FY / AY only and over the course of the year, the FTEs will vary, although not a lot

FTE count represent LSUHSC New Orleans employee only; Residents from Tulane, Ochsner or the OLOL Pediatrics program would not be included in these numbers

LCMC Health includes resident programs at UMC New Orleans, Touro, and Children's Hospital New Orleans

<sup>6</sup>FTE count include general dentistry and oral surgery residents in the medical school as part of their residency

<sup>7</sup>ILH includes 4.3 surgery residents in labs

\*Indicates core services

<sup>1</sup>Offender admits were used in place of discharges for baseline

<sup>2</sup>Offender telemed services were conducted under ILH from 8/1/12 to 6/21/13, then later conducted under LAK beginning 8/19/13

<sup>4</sup># HIV Prescriptions filled - LA ADAP was discontinued June 1, 2013. The STD/HIV program model/contract was reinstated July 1, 2014.

Data provided by LSU HCSD for FY12; Data provided by MMHC for FY14 and after

Information currently not available or services not applicable

**LSU Health Public-Private Partnership Report Card  
FY 2016 - 4th Quarter**

<b>Moss Memorial Health Clinic - Lake Charles, Louisiana</b>			
<b>Footnotes</b>	<b>Comments</b>		<b>Date completed</b>
	Free Care recipients for Apr, May & Jun 2016 of 7722 includes MMHC, LCMH Inpatients, Psych and ED services.		12/1/15
	Payer Mix % calculated on the base numbers in this report and do not represent the payer mix for the entire hospital. Free Care % includes only 100% free care patients and the Self-Pay % includes partial free care, pending free care, pending Medicaid, in addition to true self-pay.		11/1/14
	OP Encounters and visits are lower in November due to 1) Holidays, which is a trend every year, 2) The Pedi Clinic was downsized in Nov. from 5 days a week to 1 day a week with the majority of the pedi patients are being seen at LSU Family Practice, 3) there were several provider vacation days in the month, and 4) our CT Scanner was down for three days in the month.		11/1/14
	The methodology for capturing inpatients (including discharges, observation days, ALOS, discharges days, and daily census) and ED patients: is all patients that had a clinic visit at Moss Memorial since transition regardless of financial class, all patients that have a medical record that starts with 990 regardless of financial class (the old Moss record number with a 990 in the front of the number); all Medicaid patients (including the Bayou Health Plans); all self-pay patients, and all UCC patients (100% uncompensated care).		12/1/14
	The offender prescriptions are low in December because the local prison decided to go elsewhere to fill their prescriptions.		12/1/14

<b>Graduate Medical Education Resident FTEs by Program Specialty</b>				
<b>Lake Charles Memorial Hospital Lake Charles Based Programs</b>				
	<b>Program Specialty</b>	<b>FY 2014 Resident FTEs</b>	<b>FY 2015 Resident FTEs</b>	<b>FY 2016 Resident FTEs</b>
FY14, FY15, and FY16 is Lake Charles Memorial Hospital only (LSU affiliated community based residency only)	Family Medicine-Lake Charles	24.0	24.2	24.0
<b>Lake Charles Programs</b>		<b>24.0</b>	<b>24.2</b>	<b>24.0</b>

Information provided by New Orleans School of Medicine

FTE count may fluctuate due to residents on maternity leave, repeating or late completion of a rotation and/or changes in rotation specialties throughout each program

FTEs represent those paid for the first month of the FY / AY only and over the course of the year, the FTEs will vary, although not a lot

FTE count represent LSUHSC New Orleans employee only; Residents from Tulane, Ochsner or the OLOL Pediatrics program would not be included in these numbers

FY 2016 - 4th Quarter**

<b>Rapides Regional Medical Center &amp; CHRISTUS St. Francis Cabrini Hospital - Alexandria, Louisiana</b>			
<b>Footnotes</b>	<b>Comments</b>		<b>Date completed</b>
<b>Operations Milestones</b>	<b>Accomplishment</b>	<b>Impact</b>	<b>Date completed</b>
	Recruiting and retaining physicians	The Hospitals regularly recruit new providers and expand services to their communities. Specifically, the Hospitals have expanded the scope of healthcare services provided by adding Ophthalmology, Optometry and Neurology services; expanded the hours and availability of primary and specialty care services, including Cardiology and Neurology; purchased additional equipment to improve delivery of Ophthalmology patient services; and expanded staffing for urgent care services.	6/30/16
	Routine preventive care	The Hospitals are addressing these disparities by recruiting and retaining primary care providers and opening outpatient primary care clinics to offer medical homes that provide primary care services along with care coordination with specialists and other providers.	6/30/16
	Ob/Gyn	The Hospitals and their affiliates are establishing local and accessible maternity care home clinics. These clinics give women in the community greater access to the care and education needed for healthier pregnancies, resulting in more babies being carried to term and reduced long-term complications and health costs. By investing in the care coordination of maternity health services and improvements in perinatal and neonatal health and education, the Hospitals anticipate their efforts will aid in improving outcomes while reducing overall healthcare costs, particularly for the Medicaid population.	6/30/16
	Manage chronic conditions	The Hospitals and their affiliates are developing chronic care management programs for specific populations (for example, diabetes and heart disease) where specialized teams work closely with patients and their primary care physicians to assist patients in controlling their chronic conditions, providing additional services such as medication adherence education and nutrition counseling. This multi-faceted approach to high-risk patient care, including evaluation, preventative screening/treatment, and education, reduces costs and improves health outcomes.	6/30/16
	Well child visits	The Hospitals and their affiliates are bringing increased access to pediatric care by recruiting pediatricians, opening new pediatric clinics, and offering expanded office hours in existing pediatric clinics in underserved areas across the state. In addition, some of the Hospitals provide school-based health centers, offering access to medical and mental health services to adolescents and children where they spend most of their time, schools.	6/30/16
	Alternative Service Locations	The Hospitals operate two new primary care clinics, three new specialty care clinics and two new outpatient pharmacies. All seven clinics provide services to all patients, including low income and needy patients during normal business hours. Two clinics are located in Pineville, and the rest are in Alexandria. The specialty care services currently available at the clinics include Orthopedics, Cardiology, Gynecology, Coumadin Clinic, Diabetic Education, Oncology, General Surgery, Ophthalmology and Pulmonology. In addition to the primary care and specialty care clinics, the hospitals are also operating three new clinics dedicated to providing urgent care services. The urgent care clinics offer services during expanded hours – two from 8 am to 10 pm seven days a week, and the other from 9 am to 9 pm Monday through Friday, 10 am to 5 pm Saturday, and noon to 6 pm Sunday. Two of the clinics are located in central Alexandria, and the other is located in Pineville.	6/30/16
	Improved quality of care/Clinical measure gains (outcomes)	Over the past five years, the Hospitals have reduced Central Line Days and complications from medical treatment (e.g. collapsed lung due to medical treatment, serious blood clots after surgery). <sup>15</sup> Further, the Hospitals are improving their preventive care by improving the percentage of patients who timely receive antibiotics pre- and post-surgery, removal of urinary catheters within one to two days post-surgery, and outpatient imaging efficiencies.	6/30/16
	Hospitals' Certifications and Recognition - Rapides Regional Medical Center ("Rapides")	Rapides was recently recertified as a "Certified Advanced Primary Stroke Center" by the Joint Commission, a certification it has held since 2009. Rapides Regional is one of 11 hospitals in Louisiana with a certified stroke center, and the only Advanced Primary Stroke Center in Central Louisiana with neurosurgeons on call 24 hours a day, 7 days a week. Further, for the fifth straight year, Rapides was named a Top Performer on Key Quality Measures by The Joint Commission; Rapides is one of two hospitals in Louisiana to receive this distinction five years in a row. Rapides also received major teaching hospital status, recognizing its commitment to a high level of medical education, research, and innovative patient care.	6/30/16
	Hospitals' Certifications and Recognition - CHRISTUS St. Frances Cabrini Hospital ("Cabrini")	Cabrini has been named a Women's Choice Award recipient as an America's Best Hospital for Cancer Care, acknowledging the hospital's dedication to providing exceptional patient care and cancer treatment care for women and their families. Recently, the hospital was chosen as the Best Hospital for the 8th year in a row by CenLa Focus.	6/30/16
	Community Outreach by Rapides	The HCA hospitals offered educational programs and classes in: advanced cardiovascular life support, breast feeding, basic life support, car seat safety, childbirth, Lamaze, siblings, non-violent crisis intervention, CPR, Safe Sitter babysitting, and joint pain. Rapides also held child abuse awareness and prevention events throughout April.	6/30/16
	Community Outreach by Cabrini	Cabrini expended \$4,640 to provide community education and outreach support to over 300 persons through its yoga classes and support groups for Parkinson's, Alzheimer, Suicide, Widowed Persons, Weight Loss, and Bereaved Parents.	6/30/16

**LSU Health Public-Private Partnership Report Card  
FY 2016 - 4th Quarter**

<b>University Health Conway - Monroe, Louisiana</b>			
<b>Footnotes</b>	<b>Comments</b>		<b>Date Completed</b>
	The time period allotted by the state for the collection of our patient mix does not correlate with the operation of our free care program. The patient population is afforded the opportunity to apply for free care after services have been rendered; and if applicable, the free care determination will be retroactively applied to all bills within the last sixty days. Therefore, reporting monthly free care patient mix is not accurate until at least three months after a patient's date of service.		4/29/14
<b>Operations Milestones</b>	<b>Accomplishment</b>	<b>Impact</b>	<b>Date Completed</b>
	UH Conway Family Practice Health Fair	Increase and continuous improvement of patient care services available to community	4/1/16
	International Board of Lactation Consultant Examiners and International Lactation Consultant Association Award	University Health received the IBCLC Care Award in recognition for staffing professionals who hold the prestigious International Board Certified Lactation Consultant certification, and providing a lactation program for breastfeeding families. In addition, the facility demonstrated that it has recently completed activities that help protect, promote and support breastfeeding.	5/1/16
	Thomas H. Scott Award of Excellence	University Health Conway was recently nominated for the Thomas H. Scott Award of Excellence. It joined seven other Northeast Louisiana businesses in the corporate category. A reception, honoring all of the nominees was held by the Monroe Chamber of Commerce	5/1/16
	Joint Commission Gold Seal of Approval	University Health received the The Joint Commission's Gold Seal of Approval for hospital accreditation by demonstrating continuous compliance with its patient care and performance standards. The Gold Seal of Approval is a symbol of quality that reflects an organization's commitment to providing safe and effective patient care.	6/1/16

FY 2016 - 4th Quarter**

<b>University Health Shreveport - Shreveport, Louisiana</b>			
<b>Footnotes</b>	<b>Comments</b>		<b>Date completed</b>
	The time period allotted by the state for the collection of our patient mix does not correlate with the operation of our free care program. The patient population is afforded the opportunity to apply for free care after services have been rendered; and if applicable, the free care determination will be retroactively applied to all bills within the last sixty days. Therefore, reporting monthly free care patient mix is not accurate until at least three months after a patient's date of service.		4/29/14
<b>Operations Milestones</b>	<b>Accomplishment</b>	<b>Impact</b>	<b>Date completed</b>
	Blood Bank AABB Accreditation through March 2018	Increase and continuous improvement of patient care services available to community	4/1/16
	2016 Evening of Healers	On Thursday, April 28, members of the University Health Shreveport family were honored at the 2016 Evening for Healers.	4/1/16
	Free Head & Neck Cancer Screening	Free head and neck cancer screenings were offered conducted by the Department of Otolaryngology/Head & Neck Surgery to bring awareness to the community of the importance to detect cancers of the head and neck early and the importance of receiving regular examinations of this area, especially in smokers.	4/1/16
	International Board of Lactation Consultant Examiners and International Lactation Consultant Association Award	University Health received the IBCLC Care Award in recognition for staffing professionals who hold the prestigious International Board Certified Lactation Consultant certification, and providing a lactation program for breastfeeding families. In addition, the facility demonstrated that it has recently completed activities that help protect, promote and support breastfeeding.	5/1/16
	Governor and DHH Tour	Governor John Bel Edwards, Secretary of Health Dr. Rebekah Gee and Commissioner of Administration Jay Dardenne accepted the invitation to tour the UH hospital.	6/1/16
	Joint Commission Gold Seal of Approval	University Health received the The Joint Commission's Gold Seal of Approval for hospital accreditation by demonstrating continuous compliance with its patient care and performance standards. The Gold Seal of Approval is a symbol of quality that reflects an organization's commitment to providing safe and effective patient care.	6/1/16
	Advanced Primary Stroke Center Recognition	University Health Shreveport became the first hospital in North Louisiana to earn The Joint Commission's Certificate as an Advanced Primary Stroke Center. With this certification, University Health joined an elite group of health care organizations nationally focused on highly specialized stroke care.	6/1/16

## LSU Health Public-Private Partnership Report Card FY 2016 - 4th Quarter

Measure		Definition
Measure	Total Adult/Pediatric Discharges	Hospital-wide inpatient discharges including swing beds and NICU. Exclude internal transfers, inpatient psychiatric discharges and normal newborns.
	*Total Psychiatric Discharges	Psychiatric inpatient discharges from in-house and offsite psychiatric beds licensed to the facility.
	Total Discharges	Total number of adult/pediatric and psychiatric discharges.
	Total observation days	Total observation hours divided by 24. Observations are the number of patient census hours in observation. The historical observation reporting did not take into account patient status at discharge. The reporting occurs prior to final utilization review and charges and therefore may include patients that ultimately have a discharge status of inpatient.
	ALOS - Adult/Pediatric	The average number of days that inpatients remained in the hospital. The sum of adult/pediatric discharge days divided by the total adult/pediatric discharges. Excludes normal newborns.
	ALOS - Psychiatric	The average number of days that psychiatric inpatients remained in the hospital. The sum of psychiatric discharge days divided by the sum of psychiatric discharges.
	Total IP Discharge Days - Adult/Pediatric	Hospital-wide inpatient discharges including swing beds and NICU. Exclude internal transfers, inpatient psychiatric and normal newborn days.
	Total IP Discharge Days - Psychiatric	Total inpatient discharge psychiatric days.
	Average Daily Census-Adult and Pedi	Total adult/pediatric inpatient days divided by the number of days in the period.
	Average Daily Census - Psych	Total psychiatric inpatient days divided by the number of days in the period.
	<sup>3</sup> Outpatient Encounters	All Clinic, Recurring, Observation and Outpatient Encounters. • Includes lab, flu shots, patient education, radiographic procedure, ancillary, and prisoner telemedicine services • Also includes all E&M coded visits
	<sup>3</sup> Outpatient Clinic Visits with E&M codes	Represents distinct clinic visits with an evaluation and management code. Represents just those services for which a physician can bill. Includes telemedicine visits.
	<sup>6</sup> ED Visits	Total number of visits to the emergency department. The number of patients who were treated and released from the Emergency Department. Exclude visits where patients LWBS and patients admitted as an inpatient.
	Total # of free care individuals	Unduplicated patients classified as free care for the month (served and non-served); This captures the free care population for the month. Excludes partial assistance and sliding scale totals.
	# of free care recipients	Patients classified as free care and received services for the month (subset of total free care individuals). This captures free care serviced patient population for the month.
# of free care approved applicants	Individuals who were new or renew approvals for the month (subset of total free care individuals). This captures first time and renewed free care applicants for the month.	
Offender Care	<sup>1</sup> Total # Inpatient Discharges	Total number of adult/pediatric and psychiatric discharges for offenders.
	% of IP Days	The percentage of inpatient days from offender payor sources (i.e., parish, state, federal) to total inpatient days.
	Total # OP Encounters	The total number of offender OP encounters.
	% of OP Encounters	The percentage of offender patient encounters to hospital-wide encounters.
	ED Encounters	Distinct ED discharges. Excludes LWBS.
	% of ED Visits	The percentage of emergency visits from offender payor sources to total emergency visits.
	<sup>2</sup> # Telemed visits	The total number of offender patient visits for telemedicine services.
% of Telemed visits	The percentage of offender patient telemedicine visits to outpatient encounters.	
*Core Clinical Services	<sup>5</sup> # HIV Clinic visits	Distinct HIV clinic visits with an evaluation and management code (CPT codes 99201-99499) visits per month. This is a subset of Outpatient Clinic Visits with E&M codes. Includes telemedicine visits.
	# Oncology Infusion visits	Total count of distinct oncology infusion visits per day. Oncology infusions are the number of visits per day. If a patient received 2 chemo therapies in the same day, it is counted as one. If they came to the hospital 3 times in a month and received a chemo each time then that counts for 3.
	# Urgent Care visits (LSU Health BR & WOM only)	Total count of distinct urgent care visits.
	# Mental Health HIV visits (WOM only)	Distinct mental health HIV visits
*Outpatient Pharmacy (Core Service)	Total # prescriptions filled	The number of prescriptions dispensed on monthly basis.
	# Patient Assistance Prescriptions filled	The number of prescriptions dispensed to patient that the facility received through a Pharmaceutical Patient Assistance program.
	<sup>4</sup> # HIV prescriptions filled	The number of ADAP prescriptions filled including opportunistic meds. (Excluding offender HIV)
	# Offender HIV prescriptions	The number of ADAP prescriptions filled including opportunistic meds for offenders.
	# Offender prescriptions	The number of prescriptions dispensed for the LA Department of Corrections.
	# Other prescriptions	All other prescriptions dispensed. (Medicaid, Medicare Part D., self pay, etc.)
	Are prescriptions available same day (Y/N)	Can a patient drop off and pick up a prescription on the same day?
Avg wait time on prescription in minutes	The number of minutes that a perscription is ready from drop off to patient pick up.	

\*Indicates core services

<sup>1</sup>Offender admits were used in place of discharges for baseline

<sup>2</sup>Offender telemed services were conducted under ILH from 8/1/12 to 6/21/13, then later conducted under LAK beginning 8/19/13

<sup>3</sup>Observations- historical reporting did not take into account patient status at discharge; Reporting occurs prior to final utilization review and charges and therefore includes patients that ultimately have a discharge status of inpatient.

<sup>4</sup># HIV Prescriptions filled – LA ADAP was discontinued June 1, 2013. The STD/HIV program model/contract was reinstated July 1, 2014.

<sup>5</sup>LJC only-HIV clinic visits based on clinic visits with an HIV principle diagnosis code
