

Construction Interviewing Day FAQs:

What if a different recruiter is coming than the one listed on our registration?

- No problem! We print name tags on-site upon your arrival and do not need recruiter names in advance. Each recruiter must check in at the Employer Check-In station.

Is signage allowed?

- Pop-up banners and large signage is not permitted at this event. Small table signage no bigger than the length of a 6 ft table, personalized linens, and giveaways are acceptable.

Do we have to participate in the networking portion?

- Participation in the networking portion is not mandatory, however, we encourage all employers to attend. It is especially important for employers who have openings on their schedule, as this is the only time during the event to add additional students.

Will you have our schedule for us when we arrive?

- Your schedule must be submitted by a specified deadline prior to CID. A copy of that schedule will be available to you when you check in on the day of the event.

What if I add students to my schedule after it is submitted?

- Upon your arrival, we will ask for updates to your schedule. A member of the LSU OCC staff will come by after the networking period to collect your schedule with any new changes.

Can I interview during lunch?

- No, all students will be asked to leave the ballroom during employer lunch. Please do not schedule an interview during this hour.

Can I interview multiple students at once?

- No. If you need a second interview schedule, please let our team know in advance so, if availability allows, we can add a second schedule for you.

Why are there two interviewing locations for the event?

- The event is held in the LSU Union Ballroom and the Recruitment Center. The Ballroom has an 90-table capacity and is an open room with other companies conducting interviews at tables side by side, where the opening keynote, lunch and networking session occur. The Recruitment Center is used as an interviewing space only and is adjacent to the Ballroom and it hosts 22 private interview rooms (lending to a quiet environment). During the registration process, employers can select which space they prefer, based on availability. Using both spaces allows us to accommodate more employers, thus providing more opportunities for students.

How do we participate in the networking portion if we are in the recruitment center?

- If you select the Recruitment Center as your event day location, should you want to participate in the networking portion from 8:30–9:15 a.m., we will place a stanchion either within the perimeter of the ballroom or adjacent to the ballroom for students to network with your organization for you to fill any empty spots. Each space is available on a first come, first served basis.
