LSU ECE PRESCHOOL SUMMER CAMP

June 3rd – July 26th

Children ages 3-5 are welcome to join our Summer Camp at the LSU Early Childhood Education Laboratory Preschool. Daily activities will support language, cognitive, physical, and social-emotional skills through hands-on activities. A daily email will be sent which will include information about your child's daily activities. Families will also receive a digital photo library at the end of their child's camp experience. We hope to see you there!
