Actions and Status Report

ACCE Program Student Learning Outcomes - Construction Management

❖ Outcome

Accounting and Cost Control

15. Understand construction accounting and cost control.

Mapped to:

No Mapping

Prepare Data Collection for New Curriculum - Accounting

Action details:

The CM Department is to overhaul the curriculum during the 2012-2103 academic year while aligning student learning outcomes (SLO) with their accrediting body ACCE. New assessments are to be developed and then mapped to SLOs. Three assessment tools have been identified for this outcome: 1) Course Learning Outcomes, 2) AIC Level I Exam, and 3) the Senior Exit Exam. This major change is reflected in this assessment cycle 2012-2013. Data is to be gathered as the courses are implemented and when the transition is fully complete.

Implementation Plan (timeline):

Curriculum review to be completed by December 2012. Curriculum changes and outcome mapping to be completed by May 2013. Map SLO for CM 4202 and 4221 and set course offering in the semester cycles. Map SLO to the AIC Exam. Plan to take AIC at the national testing times. Schedule Senior Exit Exam to be taken after semester breaks. Structure data collection for mid-December 2013 collection. Plan for data evaluation during the spring 2014 classes commence.

Key/Responsible Personnel:

Becky Labatut

Evaluation of Action:

Curriculum overhauled completed as well as the new assessemnt tools for SLO. Ready to begin

Curriculum - Estimating

Action details:

The CM Department is to overhaul the curriculum during the 2012-2103 academic year while aligning student learning outcomes (SLO) with their accrediting body ACCE. New assessments are to be developed and then mapped to SLOs. Three assessment tools have been identified for this outcome: 1) Course Learning Outcomes, 2) AIC Level I Exam, and 3) the Senior Exit Exam. This major change is reflected in this assessment cycle 2012-2013. Data is to be gathered as the courses are implemented and when the transition is fully complete.

Implementation Plan (timeline):

Curriculum review to be completed by December 2012. Curriculum changes and outcome mapping to be completed by May 2013. Map SLO for CM 1011, 3111, 3131, 3161, 3235, and 4202. and set course offering in the semester cycles. Map SLO to the AIC Exam. Plan to take AIC at the national testing times. Schedule Senior Exit Exam to be taken after semester breaks. Structure data collection for mid-December 2013 collection. Plan for data evaluation during the spring 2014 classes commence.

Key/Responsible Personnel:

Becky Labatut

Evaluation of Action:

Curriculum overhauled completed as well as the new assessemnt tools for SLO. Ready to begin collecting data.
