

Submitting and Revising SFI Disclosures

Federal guidelines and university policies aim to promote integrity in research as well as provide transparency where researchers may be seen to have a bias because of financial holdings they may have. In order to address these concerns, LSU researchers are obligated to disclose any potential Significant Financial Interests they may have. <u>Policy Statement 98</u> provides the guidelines under which these disclosures must happen.

LSU investigators must disclose any SFIs at the time they submit an application for any externally funded research grant program. Investigators must update their disclosures annually while they are participating in any active externally funded project. Investigators must also update their SFIs within 30 days of any significant changes in their SFI portfolio.

This document provides guidance on how to submit or revise an SFI disclosure in GeauxGrants

Login to GeauxGrants

GeauxGrants is accessed online through <u>myLSU</u> as well as the <u>GeauxGrants help desk</u>. Login to the system using your myLSU ID and password. Once in the system, select "Conflict of Interest" from the left side menu to enter the COI module.

Figure 1 - GeauxGrants Landing Page

Navigate to Submit or Revise Disclosure

Select "Create/Update Disclosure" from the Conflict of Interest start page.

Significant Financial Interest Questionnaire

The SFI Questionnaire walks you through the definitions used by LSU to describe what should and should not be disclosed in this process. Read the documentation carefully and contact the help desk if you have any questions about your responsibilities.

 Significant Financial Interest means a financial interest of the Investigator and their Family that reasonably appears to be related to the Investigator's Institutional Responsibilities, and: If with a publicly traded entity, the aggregate value of any salary or other payments for services received during the 12 month period preceding the disclosure, and the value of any equity interest during the 12 month period preceding or as of the date of disclosure, exceeds \$5,000; If with a non-publicly traded entity, the aggregate value of any salary or other payments for services received during the 12 month period preceding the disclosure, exceeds \$5,000; If with a non-publicly traded entity, the aggregate value of any salary or other payments for services received during the 12 month period preceding the disclosure exceeds \$5,000; If with a non-publicly traded entity, the aggregate value of any salary or other payments for services received during the 12 month period preceding the disclosure exceeds \$5,000; If with a non-publicly traded entity, the aggregate value of any value during the 12 month period preceding the disclosure exceeds \$5,000; If with a non-publicly traded company, is an equity interest of any value during the 12 month period preceding or as of the date of disclosure; Is income related to intellectual property rights and interests not reimbursed through the Institution.
Significant Financial Interest also includes any reimbursed or sponsored travel (i.e., that which is paid on behalf of the Investigator and not reimbursed to the Investigator so that the exact monetary value may not be readily available), related to their institutional responsibilities; provided however, that this disclosure requirement does not apply to travel that is reimbursed or sponsored by U.S. Federal, state or local governmental agencies, U.S. institutions of higher education, research institutes affiliated with institutions of higher education, academic teaching hospitals, and medical centers.
Significant Financial Interest does NOT include: 1. salary, royalities, or other remuneration from the Institution; 2. income from the authorship of academic or scholarly works; 3. income from seminars, lectures, teaching engagements, advisory committees or review panels sponsored by or from U.S. Federal, state or local governmental agencies: U.S. institutions of higher education; U.S. research institutes affiliated with institutions of higher education, academic teaching hospitals, and medical centers; or 4. equily interests or income from investment vehicles, such as mutual funds and retirement accounts, so long as the Investigator does not directly control the investment decisions made in these vehicles.
For purposes of completing this disclosure, a Family Member means any member of your immediate family, specifically, any dependent children and spouse.

Screening Questions

Your answers to the disclose screening questions will help guide you through any additional information that needs to be disclosed. They are generally self-explanatory, and you must respond yes or no to each question.

Identifying Entities

If you answer "Yes" to any of the screening questions, you must add the companies or entities which apply to your positive response. Type the name of the company in the **Entity** box, select the search result and press **ADD** to include it in your disclosure.
