Creating Post Award Modification/Prior Approval Requests Excluding Change in Investigator

Modification Requests/Prior Approval Requests are post award requests either submitted to the sponsor or internal prior approval. These must be routed in GeauxGrants for review and approval prior to submission to the sponsor. For a change in Principal Investigator or Co-Investigator, see the Creating Post Award Modification/Prior Approval Requests for a Change in Investigator.

How to Create a Proposal Development (PD) Record

- Hit Done button on top left to close out the proposal instead of closing browser using X on top right.
New Proposal Questionnaire

- Step 0: Defaults to user. Change to the Principal Investigator (PI) by clicking Change. Type last name, first name of PI and click Select.

- Step 1: Click on “Copy From Existing Proposal” and click Continue

- Step 1 Continued: Enter Proposal number in box. Make sure to use the most recent submission (transaction) if more than one submission (e.g. AM200150-01). If you use the browse function, results appear at the bottom of the screen. Do not check “Include all Proposal Attachments.” Click Continue.

The PI in Step 1 will automatically change once you copy the proposal. If you had not updated the PI in Step 0, then you will get this warning message. Click OK.

- From the Submission Mechanism/Screen Template select Modification Request.

- You will receive the following warning. Click OK.

- This will change your screen to a Modification Request view. Under Link to existing proposal, click Look Up.
- This will bring up a list of all of the PI’s proposals. Under Institution column, click on funnel to filter to the proposal number you have copied.
