August Trainings & Workshops

You can find additional information on the Training & Events website.

Graduate School New Student Orientation

- Wednesday, August 18th | 12:00pm – 4:00pm | LSU Student Athlete Cox Communications Center

We are excited for new graduate students to attend our orientation, and new teaching assistants to attend a workshop designed to help adjust to your new role.

LSU Testing Center: Learn about SmarterProctoring the new software for requesting and scheduling exams

- Wednesday, August 8th | 9:00am – 10:30am | Registration Link
- Wednesday, August 18th | 1:00pm – 2:30pm | Registration Link
- Monday, August 23rd | 10:00am – 11:30am | Registration Link
- Tuesday, August 31st | 2:00pm – 3:30pm | Registration Link

The LSU Testing Center will implement a new test scheduling software called SmarterProctoring for Fall 2021. SmarterProctoring is an external tool that integrates with each course under Moodle that allows course instructors to request and schedule computer-based exams in the LSU Testing Center.

Special Focus Programs: Online Course Design & Development (12 weeks in duration)

- Wednesday, August 25th Registration Link
- Wednesday, September 1st | Registration Link

Offered by the LSU Online and Continuing Education (OCE) team, the Special Focus Program is an intensive 12-week program designed to guide faculty through the development, or re-development of an online course that is fully aligned, meets accessibility standards, and ensures a consistent and positive learning experience for students. There are three workshops scheduled that are part of the Special Focus Program. The three dates/times for these workshops are listed above. The month after the program (weeks 13-16) is reserved for course reviews and revisions. For an overview of the program, check out the Special Focus Program Overview video.
