

MANAGING YOUR DIABETES

Support and Savings for those with Diabetes on LSU First

Getting diabetes testing and insulin pump supplies when you need them is critical to managing your diabetes and reducing your risk of diabetic-related complications.

LSU First is contracted two providers: **Complete Medical Homecare** and **Diabetes Management and Supplies**, both leading distributors in the home delivery of diabetic supplies, including blood glucose meters, test strips, insulin pumps, and many more supplies. Because these companies are First Choice Providers, your supplies are covered at 100%, after your HRA is exhausted. There are no delivery charges, so no out-of-pocket cost for you!

Both companies offer:

- Certified Diabetes Educators available by phone to answer any questions
- Brand name diabetic testing supplies
- Coordination with your doctor
- Regular reorder reminders
