CERTIFICATE GENERAL PROVISIONS

Conformity With State or Federal Statutes: If any provision of the Certificate conflicts with any applicable law, the provision will be deemed to conform to the minimum requirements of the law.

Discretionary Authority: When making a benefit determination under the Policy, We have the sole discretionary authority to determine the Covered Person's or Dependent's eligibility, if applicable, for benefits and to interpret the terms, conditions, limitations, and exclusions, and all other provisions of the Policy including the Certificate of Coverage and any riders or amendments. We may delegate this discretionary authority to other entities or persons who provide services in regard to the administration of the Policy. This provision does not prevent the bringing of a legal action under the time limit for Legal Action provision, nor does it serve to deprive any insurance department of its statutory rights and obligations.

Fraud: We will focus on all means necessary to support fraud detection, investigation, and prosecution. It may be a crime if the Covered Person or the Employer knowingly, and with intent to injure, defraud or deceive Us, files a claim containing any false, incomplete, or misleading information. These actions, as well as submission of false information, will result in denial of the Covered Person's claim, and are subject to prosecution and punishment to the full extent under state and/or federal law. We will pursue all appropriate legal remedies in the event of insurance fraud.

Incontestability: We may not contest the validity of the Policy, except for the non-payment of premiums, after it has been in force for two years from its date of issue. No statement made by any Covered Person relating to his insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force prior to the contest for a period of two years during such person's lifetime, nor unless it is contained in a written instrument signed by him and a copy of the instrument containing the statement is or has been furnished to such person or to his beneficiary. For Disability Insurance, this clause will not affect Our right to contest the validity of the Policy for fraudulent misrepresentations.. This clause will not affect Our right to contest claims made for accidental death or accidental dismemberment benefits.

Information To Be Furnished: The Policyholder may be required to furnish any information needed to administer the Policy. Clerical error by the Policyholder will not:

1. affect the amount of insurance which would otherwise be in effect; or
2. continue insurance which otherwise would be terminated; or
3. result in the payment of benefits not otherwise payable.

Once an error is discovered, an equitable adjustment in premium will be made. If the premium adjustment involves the return of unearned premium, the amount of the return will be limited to the 12-month period, which precedes the date We receive proof such an adjustment should be made. We may inspect any of the Policyholder's records which relate to the Policy.

Misstatement of Age: If a Covered Person's age has been misstated, premiums will be subject to an equitable adjustment. If the amount of the benefit depends upon age, then the benefit will be that which would have been payable, based upon the person's correct age.
