

Museum of Natural Science

Fall 2017

Museum Seminar Schedule

*Seminars begin at 3:30 in the main gallery of Foster Hall

FOLLOW THE LSUMNS!

August 25 - **Dr. Jordan Satler, Postdoctoral Researcher**
Dept. of Ecology, Evolution, and Organismal Biology, Iowa State University
Title: "From Population Genetics to Phylogenetics: co-diversification of ecological communities in shallow and deep time"

September 1 - **Dr. Raul Diaz, Assistant Professor**
Dept. of Biology, Southeastern Louisiana University
Title: "How developmental biology can lend a hand in understanding the chameleon arboreal body plan and species radiation"

September 8 - **Samantha Hauser, PhD Student**
Dept. of Biology, University of Louisiana at Lafayette
*Title: "Population and landscape genetics of the Black-capped Vireo (*Vireo atricapilla*) around its stronghold, Fort Hood, Texas"*

September 15 - **Glauca del-Rio, Subir Shaky, Vivien Chua, & Ryan Burner**
Dept. of Biological Sciences, Museum of Natural Science, Louisiana State University
Title: "Expedition Travelogue Part I: Brazil, Indonesia, Malaysia, and Mongolia"

September 22 - **Dr. Lauren Eserman, Postdoctoral Researcher**
Dept. of Biological Sciences, Shirley C. Tucker Herbarium, Louisiana State University
*Title: "Evolution and development of storage roots in morning glories (*Convolvulaceae*)"*

September 29 - **Anna Hiller, Jessie Salter, Mark Swanson, & Jon Nations**
Dept. of Biological Sciences, Museum of Natural Science, Louisiana State University
Title: "Expedition Travelogue Part II: Texas, Arkansas, Indonesia, and Malaysia"

October 6 - **Dr. Jason Bond, Professor and Curator of Arachnids and Myriapods**
Dept. of Biological Sciences, Museum of Natural History, Auburn University
Title: "Using phylogenomics to deconstruct the spider tree of life"

October 13 - **Dr. Brian Counterman, Associate Professor**
Dept. of Biological Sciences, Mississippi State University
Title: "The origin of species told from the wings of a butterfly"

October 20 - **No Seminar: Fall Break**

October 27 - **Sara Lipshutz, PhD Student**
Dept. of Ecology and Evolutionary Biology, University of Tennessee, Knoxville
Title: "Female competition and hybridization in sex-role reversed shorebirds"

November 3 - **No Seminar: Rails & Rice Festival**

November 10 - **No Seminar: Museum Retreat**

November 17 - **Dr. Kevin Conway, Associate Professor and Curator of Fishes**
Dept. of Wildlife and Fisheries Sciences, Biodiversity Research and Teaching Collections, Texas A&M
*Title: "Tenacious C: Phylogenetic relationships of the clingfishes (*Gobiesocidae*)"*

November 24 - **No Seminar: Thanksgiving Break**

December 1 - **Dr. April Wright, Assistant Professor**
Dept. of Biology, Southeastern Louisiana University
Title: Flexible Bayesian modeling of morphological data for phylogenetic analysis
