

January 12 - No Seminar: Short Week

January 19 - No Seminar: Cancelled due to weather

January 26 - Mark Swanson, Jessie Salter, Andre Moncrieff, Cameron Rutt, & Vitek Jirinec
 Museum of Natural Science & School of Renewable Natural Resources, Louisiana State University
Title: "Expedition Travelogue Part III: Indonesia, Florida, Bolivia, and Brazil"

February 2 - Dr. Jake Schaefer, Professor, Curator of Fishes
 Dept. of Biological Sciences, University of Southern Mississippi
Title: "What hybrid zones can tell us about evolution"

February 9 - No Seminar: Mardi Gras

February 16 - Jackson Roberts, PhD Student
 Museum of Natural Science, Louisiana State University
Title: "Taxonomy and systematics of freshwater turtle blood flukes (Digenea: Schistosomatoidea)"

February 23 - Dr. Rebecca Tarvin, Postdoctoral Researcher
 Dept. of Integrative Biology, University of Texas at Austin
Title: "Evolutionary biology of acquired chemical defenses in poison frogs"

March 2 - Erik Enbody, PhD Student
 Dept. of Ecology and Evolutionary Biology, Tulane University
Title: "Genetic, transcriptional, and endocrine factors drive evolutionary transitions in female phenotypes"

March 9 - Dr. Ingo Schlupp, Professor
 Dept. of Biology, University of Oklahoma
Title: "Ecology and Evolution in Livebearing Fishes: A drama in several acts"

March 16 - Dr. Scott Taylor, Assistant Professor
 Dept. of Ecology and Evolutionary Biology, University of Colorado Boulder
Title: "Insights from avian hybrid zones into the origin and maintenance of biodiversity"

March 23 - No Seminar: Spring Break

March 30 - No Seminar: Spring Break

April 6 - Dr. Jeff Lozier, Associate Professor
 Dept. of Biological Sciences, University of Alabama
Title: "Buzzing Through a Complex World: Population genomics of bumble bees across heterogeneous landscapes"

April 13 - Dr. Erik Johnson, Director of Bird Conservation
 Audubon Louisiana
Title: "Making sense of the noise – understanding diverse molt strategies in understory Amazonian birds"

April 20 - Dr. Gregg Gorton, MD, DFAPA, Associate Professor
 Clinical Psychiatry & Behavioral Medicine, Lewis Katz School of Medicine, Temple University
Title: "Ted Parker: A snapshot of his life and work"

April 27 - Dr. Kevin McCracken, Associate Professor
 Dept. of Biology, University of Miami
Title: "Genetic adaptation and phenotypic plasticity in Andean ducks, with insights into how long it takes to evolve a predictable high-altitude phenotype (or not)"
