Additional Budgetary Guidelines:
All ITRS applicants are required to have an "up front" matching commitment from the private sector for at least the first year of the project. A plan to secure subsequent-year matching commitments must be addressed in the budget. PIs must use the Excel budget spreadsheets provided at LSU's OSP website. These spreadsheets contain additional budget information and will automatically calculate fringe benefits, indirect costs and the composite budget page.

Notes:
If Graduate Assistant (GA) tuition remission is budgeted as institutional match, the GA must be appointed and charged as proposed in order to ensure the tuition remission match is met.

If currently holding multiple ITRS/PoCP contracts, the PI should note that at least one of the previously awarded ITRS or PoC/P contracts must be fully closed out, i.e., all final reporting submitted and approved by BoR including the return of any unobligated funds, before submission of a new notice of intent or proposal.
