**14th International Congress on Combustion
By-Products and Their Health Effects**
June 14-17, 2015

Call for abstracts

Registration and Abstract Submission Opens	January 7, 2015
Abstract Submission Deadline	February 15, 2015
Early Bird Registration Deadline	March 31, 2015

Main theme of PIC 2015

Origin, fate and health effects of combustion-related air pollutants in the coming era of bio-based energy sources

Sessions

- I. New fuels – new rest-products
- II. Sources and emission control
- III. Dioxins and furans
- IV. New and emerging POPs
- V. Flame retardants
- VI. Soot and organic aerosols: Formation and characterization
- VII. Metals and ash chemistry in aerosols
- VIII. Health effects of solid biomass combustion emissions
- IX. Health effects of traffic exhaust – focus on biofuels
- X. Novel approaches for assessing health effects of combustion related air pollution
- XI. Waste treatment
- XII. Advanced diagnostics and measurement methods
