This year marks the fourth year for CDRC, and big changes are coming. Next year the Career Discovery Residential College will have a new home. And I mean new. Spruce Hall is the name of the brand new building in which CDRC will begin its milestone fifth year.

Before looking to the future, a look at the fourth year is warranted.

**OLINDE CAREER CENTER**

The CDRC Rector Ms. Granger worked with the Olinde Career Center (OCC) again this year to insure that the students had opportunities to familiarize themselves with the many resources available to them. At the beginning of the semester, the students had the opportunity to tour the OCC in the Student Union which is a very impressive facility. The career center staff provided guidance via programs, invitations to visit the OCC, and information about other career discovery opportunities on campus. Joyce Fields was our liaison with the OCC and presented multiple programs for the CDRC/Broussard residents.

**ONE-ON-ONE COUNSELING**

Students also had the opportunity to work with Ms. Gwen Snearl, the University Center for Freshman Year counselor associated with CDRC, in planning their spring schedules. Ms. Snearl is an experienced counselor and definitely has the best interest of the CDRC student body.

**HARRY AND KATNISS**

Ms. Granger’s ENGL 2025 course was a popular choice for some CDRC students. They got to read (and in some cases reread) *Harry Potter and the Sorcerer’s Stone, Harry Potter and the Goblet of Fire,* and *The Hunger Games.* They enjoyed comparing the text medium to the film medium.

**FOND FAREWELLS**

Students, Faculty, and Staff: I wish you all the best, and I look forward to welcoming the new first year students in the fall of 2018.

-Sandy Granger, CDRC Rector
