

# LSU Close Contact Self Report

If you know you were in close contact of someone who has COVID-19 outside of LSU in the past 14 days or were not identified as a close contact by an individual within the LSU community who has COVID-19 in the past 14 days, you should complete the LSU Close Contact Self Report. Please use the QR code presented below to access the survey.

The CDC definition of “close contact” is when an individual has had close contact (less than six feet) for 15 minutes or more with someone who is sick with COVID-19.
