

Physics Second Discipline Electives

Name: _____

Anticipated Graduation Date: _____

LSU ID #: _____

Local Phone: _____

E-mail Address: _____

Address: _____

I request approval of the following courses to meet the 24 semester hour requirements for the Physics with a Second Discipline option.

FOR COLLEGE OFFICE USE ONLY

Title of Option: _____

	<u>COURSE</u>	<u>SEMESTER HOURS</u>
(1)	_____	_____
(2)	_____	_____
(3)	_____	_____
(4)	_____	_____
(5)	_____	_____
(6)	_____	_____
(7)	_____	_____
(8)	_____	_____

INSTITUTE CODE	SEMESTER TAKEN	OPTION NUMBER

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

I understand the above choice is binding and may not be changed unless written approval is obtained in advance from the Physics Department Advisor and the Dean.

_____ Student Signature/Date	_____ Physics Advisor Signature/Date	_____ College of Science Dean Signature/Date
---------------------------------	---	---

Guidelines:

1. An approved second discipline concentration consists of at least 24 semester hours of electives in one area outside the Dept. of Physics. At least 12 hours chosen should be at 3000 level or above, and at least 6 hours of those should be at the 4000 level.
2. Most second discipline concentrations are compiled from the approved courses for another major, and thus the courses will come from a single department. If the second discipline is not taken from the courses in a single major, there must be a logical plan for education in depth. With the exception of an interdisciplinary area such as materials science or meteorology, courses should be taken from no more than two departments. Second discipline courses must be passed with a grade of "C" or better.
