OLD BUSINESS
Second Reading of 18-02 resolution, “University Protocol for Death of an LSU Employee”
Sponsored by Faculty Senate Executive Committee in support of Staff Senate resolution 18-01

Whereas Louisiana State University does not currently have a standard University-wide protocol available to guide campus departments through the appropriate actions following the death of an employee,
Whereas the loss of an employee can be devastating to families and work colleagues, a standard protocol or checklist could easily guide departments through the necessary administrative actions and communications to ensure everything is handled in a sensitive, appropriate, and highly coordinated manner,
Whereas the LSU Strategic Plan 2025 recognizes the importance of creating a community in which all faculty and staff are valued for their contributions in their respective roles. This should not only include creating a
culture of support for current employees following the death of a colleague, but should also recognize the contribution of the deceased employee, which can provide comfort to the loved ones of the deceased,

**Whereas** Louisiana State University does have a similar process in place following the death of a student with PS-63 Procedure for Notice when a Regularly Enrolled Student Dies,

**Whereas** universities such as University of North Carolina at Charlotte, University of Illinois at Chicago, Utah Valley University and others have similar protocol and resources in place,

**Therefore,** be it resolved that the LSU Administration, with adequate staff and faculty representation, develop an appropriate protocol and resources to follow when there is a death of a LSU employee.

Vote of resolution: unanimously passed.

**NEW BUSINESS**
None.

**MOTION TO ADJOURN**
Motion made to adjourn the meeting. Seconded and unanimously passed at 5:32pm.
