SUMMARY:

President Millican presented her vision for the rollout and implementation of the Strategic Plan. The committee reviewed the Strategic Plan and discussed ways to work with other Staff Senate committees on implementation. Fortunately, members of the LRRP committee also sit on all of the other committees that will have large charges under the Strategic Plan.

In addition to discussing the implementation of the Strategic Plan, Summer Steib gave an update/overview of the campus climate survey that is scheduled to be launched this fall. The committee will invite Vice Provost Dereck Rovaris to an upcoming committee meeting to share updates about the campus climate survey and to discuss ways that Staff Senate can be involved with the development of questions and have access to the results date. During this discussion, President Millican spoke of the staff survey that Staff Senate conducted in 2012 and how those results may be helpful for comparison with the climate survey.

The committee set its next meeting for Monday, September 14th at 10:00am at the LSU Women's Center. In advance of this meeting, Summer Steib sent the following documents to the committee members for review: results of the staff survey that was conducted in late 2012; the strategic plan working document; staff senate committee charges and the rollout plan for the strategic plan.
