

THE RETREAT
AT QUARTERS LAKE

Find Hope and Healing

Through Grief Support

This workshop is designed for children and adolescents, (ages 6-12), who are coping with the loss of a beloved pet. Using a show-and-tell format, participants will first engage in creative activities to honor their pets and then share their creations and stories in a supportive environment. This interactive approach encourages emotional expression, fosters connection with peers, and provides a space for healing through shared experiences.
